Nine U.S. Civilians Released

Group Released Includes 6 Women; Red Minister Hints Other Releases Soon

GENEVA (AP)—Communist China notified the United States today that nine American civilians detained in China, including six women, were now free to return home.

Red Chinese Ambassador Wang Ping-nan told U. S. Ambassador U. Alexis Johnson at their 13th meeting that two other Americans could leave at once if they asked for exit permits and a third could leave within two or three months.

The two ambassadors have been meeting at intervals since Aug. 1, negotiating the release of 41 Americans imprisoned in China or denied exit permits.

The announcement by Wang was the first positive result of the talks since they began.

There was no indication when the Chinese Reds would release the 29 Americans not mentioned on Wang's list, but the ambassadors agreed today to continue their secret talks on Saturday.

American delegation members were able to find only a partial identification for some of the Americans listed for release by Wang. A delegation spokesman said none had been imprisoned.

Listed for immediate departure were:

Miss Emma Angelina Barry, a young girl living in Shanghai with her mother, a white-Russian who was not an American citizen.

Ralph Sharples Boyd, Shanghai representative of the North American Syndicate, born in Washington, D. C., in 1891.

Mrs. Juanita Byrd Huang, a Southern Baptist missionary married to a Chinese citizen, born in 1904.

Robert Howard Parker, a retired businessman born in Philadelphia, Pa., in 1873.

Howard Lischke Ricks, manager of Bills Motors Branch in Shanghai, born in Boscobel, Wis., in 1889.

Mrs. Howard Lischke Ricks, his wife, born in Shanghai in 1894.

Miss Eva Stella Dugay, known as Sister Theresa, a nun in the Carmelite Convent in Shanghai, born in New York City in 1893.

Mrs. Nadesha M. Romanoff, a white Russian living in Harbin who became a naturalized American citizen in 1937, place and date of birth not known.

Miss Irene N. Romanoff, her daughter, born in 1940.

Wang said that Bishop Edward Walsh, head of the Roman Catholic Bureau in Shanghai, and Mrs. Peter Huizer, married to the Dutch manager of the Shanghai branch of the Bank of America, were free to leave China whenever they applied for exit visas.

Bishop Walsh is a brother of Judge William C. Walsh of Cumberland, Md., a former Maryland attorney general.

Charles Sydney Miner, Shanghai representative of several American companies, including American Asiatic underwriters, the Metropolitan Land Co. and C. V. Starr Enterprises, was free to leave after the two or three months he needed to "complete the settlement of his affairs," Wang said.

Wang's announcement was tossed unexpectedly into today's 2 1/2 hour meeting of the two ambassadors.

The American spokesman declined to give any indication of Johnson's response, or to disclose whether the United States had made any concession to obtain the release of the civilians.

Then he stressed that the talks would continue Saturday on the first item of the two-item agenda. This concerns "the return of civilians of both to their respective countries."

The spokesman said Johnson would refuse to discuss the second item, "other practical matters at issue between the two sides"—until item one had been liquidated by release of all American civilians.

Return to Routine

Everyone went back to routine today, and the return to reality was helped along with a comfortable day weather-wise. Normal production was not expected, however, until Wednesday.

Fair tonight and Wednesday. A little cooler tonight and Wednesday. Low tonight in the lower 50s. High Wednesday near 85.

The temperature at 7 a. m., was 58; 90 at 1 p. m., and 91 at 2 p. m.

The temperature one year ago today, high 98, low 71; two years ago, high 85, low 58; and three years ago, high 91, low 58.

Stage at Lake of Ozarks 57.5, stationary.

Gladys Is Weakened But Rages As She Hovers Over Tampico

BROWNSVILLE, Tex. (AP)—Tropical storm Gladys, apparently weakening but still dangerous, hung over Mexico near Tampico today after turning away from Texas, her rains posing flood threats to a wide area.

The wayward storm turned away from Texas last night and the

Weather Bureau said the middle and lower Rio Grande Valley apparently was spared. But the bureau warned that squalls still could cause isolated flash floods along the Rio Grande.

Squalls with winds ranging up to 50 miles an hour were occurring all along the lower Texas Coast.

23 New Teachers Introduced--

Sedalia Community Teachers In Pre-School Meeting Today

The Sedalia Community Teachers' Association met in the Little Theatre of Smith Cotton High School at 9:30 a. m. Tuesday at which time Dr. Heber Hunt paid tribute to Miss Catherine Garman for her wonderful work and co-operation during her years as a school principal in Sedalia. He stated that Miss Garman, by her own request, was now to be a classroom teacher at Washington School.

Following his talk of professional information and interests to new, as well as old, members of the S. C. T. A., Dr. Hunt urged all to be good salesmen of the profession and strive for a calm, peaceful school year.

Twenty-three new teachers were introduced.

The meeting was presided over by Mrs. Anna Belle Lee, president, who extended greetings to all.

Mrs. Geraldine Schrader, music committee chairman, introduced the soloist, Miss Mary Jo Case, who sang "Love Is Where You Find It". She was accompanied by her sister, Miss Judy Case.

Mrs. Lee made a report from the National Education Association Convention that she and Mrs. Thelma Cook attended at S. C. T. A. delegates in Chicago the first part of July. Mrs. Lee told the group that the N. E. A. recommended a minimum salary of \$4,200 a year for beginning teachers with bachelor degrees and \$9,500 maximum for teachers with Master's degrees and 15 years experience.

Dr. John Lester Buford of Mt. Vernon, Ill., was elected president for the 1955-56 year. His campaign manager was Paul Grisby, a former Sedalia teacher. The N. E. A. convention will be held in Portland, Ore., next year. At the conclusion of her talk Mrs. Lee played a tape recording of the highlights of three principal formal addresses of the convention by Waurine Walker, 1954-55 N. E. A. president from Texas, Adlai Stevenson and the final address on Friday night, July 8, by Harold Stassen.

Reports were made by some of the committee chairmen, among them one by Miss Hazel Gray, legislative chairman, who said that her committee had already started to function by passing out at the Missouri State Fair the educational material about the two referendums to be voted on this Oct. 4.

Members of the various committees are: Citizenship, Mrs. Hortense Snodgrass, Mrs. Elizabeth Burford, Willy Atkins, Mrs. Wilma Knox, Mrs. Marguerite Hansen; Constitution and by-laws, Miss Ida Cruzan, Mrs. Estella Ellis and Mrs. Alma Hausam; flower, Mrs. Chris-

Scholarship Program Set For Nation

CHICAGO (AP)—The largest independent college scholarship program in the history of American education was announced today.

The program, backed with initial funds of 20 1/2 million dollars is designed to locate young men and women of high aptitude and enable them to go to college regardless of their financial means.

The program will be handled by a corporation which will make an annual nationwide search for talent at the high school level. The financial support of business and industry will be encouraged.

Selection of winners will involve a nationwide scholarship competition in which all of the approximately 25,000 secondary schools in the United States, public and private, will participate on an equal basis.

Plans for the program were announced by John M. Stalnaker, president, and Laird Bell, chairman of the new National Merit Scholarship Corp.

Between one third and one half of all the funds invested in the program will go directly to colleges and universities selected by the award winners on the basis of free choice.

Stalnaker said the corporation's initial working funds came through grants by the Ford Foundation and the Carnegie Corp. of New York and are earmarked for use in these ways:

Ten million dollars will be spent at the rate of one million a year for four-year national merit scholarships to high school students in the nation adjudged most capable of benefiting from a college education.

Eight million dollars will be used through a 10-year period to match contributions received from corporations and other donors for the purpose of establishing additional scholarships.

Two and one-half million dollars will cover the costs of administration for a 10-year period and cover the cost of developing and operating a nationwide selection program, selecting talent of the highest aptitude.

NEW YORK (AP)—The American Broadcasting Co. today offered free radio time for a Republican reply to former President Harry S. Truman's Labor Day speech in Detroit.

The network, acting on a request by GOP Chairman Leonard Hall, suggested Vice President Richard Nixon as the Republican spokesman, or "if he is unavailable, one of the leading representatives of the Republican Party."

Time of the broadcast is to be arranged.

Hall, asserting Truman made an "outright appeal for votes" for the Democratic 1956 presidential candidate, also served a demand for equal time on the NBC and CBS networks. Both had carried Truman on radio and television, ABC on radio only.

There was no word immediately from NBC and CBS as to what they plan to do.

Assembly of God Chooses Officers

OKLAHOMA CITY (AP)—The Rev. Ralph M. Riggs, Springfield, Mo., was re-elected general superintendent of the Assemblies of God at the denomination's national convention here yesterday.

The 5,000 delegates also re-elected the denomination's four assistant general superintendents—the Rev. Thomas F. Zimmerman, the Rev. Bert Webb, the Rev. J. C. Savell and the Rev. Gayle F. Lewis, all of the Springfield headquarters.

The convention closes tonight.

DIES ON FIRE LINE — Body of firefighter, one of five persons killed while fighting disastrous brush fires at LaHabra Heights, Calif., near Los Angeles, lies in foreground as comrades wet down the seared land. Blaze was one of a series which broke out during southern California's worst heat wave.

Weathermen said Gladys' future movement was uncertain, but she was expected to drift slowly southward, remaining over land and weakening slowly. That would send her rains sloshing toward Mexico City, where she has caused the worst floods in the capital's recent history.

Weathermen at Mexico City already blame Gladys for three days of rains. The rain has caused disastrous floods, affecting some 40,000 families.

Gladys slammed into the Mexican coast about 150 miles below Brownsville with winds of about 70 miles an hour—five short of hurricane velocity. Then it turned sharply south-southwest and passed almost directly over Tampico, Mexico.

Half of Tampico was plunged into darkness by power failures. Wind damage in the city was heavy and families fled the low-lying areas flooded by the Panuco River.

To the north, storm warnings were still up in the Brownsville-Port Isabel area in extreme south Texas. High tides occurred and huge waves pounded the beaches from Galveston, Tex., southward.

Possible flash rises on streams in northeastern Mexico were forecast as the squalls continued to drench some areas.

The Rio Grande Valley from Brownsville to Del Rio, Tex., was still jittery about the possibility of floods. Last year Hurricane Alice sent squalls up the valley and touched off one of the worst floods in valley history. Hundreds of lives were lost.

Gladys—until she turned south—acted very much like Alice had.

In Mexico City, some four square miles of working class districts were under water. Some 3,000 persons were still stranded in the area after about 2,000 were rescued from rooftops.

Two children drowned and five more were missing.

Cab-Driving Minister Reforms Thug

KANSAS CITY (AP)—A minister who drives a cab nights talked a would-be bandit into surrendering early today.

Rev. Robert L. Hatch, 39, pastor of the First Bible Presbyterian Church said he picked up his passenger downtown and was given an address outside the city.

Hatch said that as he was driving along he began talking to his passenger about the Scriptures.

At an intersection outside the city the man told Hatch to pull over and said, "I would get a cab driver like you."

"He showed me a long knife he had wrapped in newspaper and said, 'You see this, you know what it means?' and I told him I understood," Hatch said.

"But I kept talking with him, asking him if his way of life had gotten him much money, won him any friends or proved fruitful. He seemed impressed. Finally he followed me in a little word of prayer. Then he said we'd better go back to town, that he wanted to turn himself over to the police."

At the police station, the passenger identified himself as Preston V. Lockhart, 23, Capitol Heights, Md. He said he had been here ten days, employed as a railroad track worker, after leaving a job in Shelby, Mont., as a service station attendant on August 17 and taking \$82 of his employer's money with him.

Police said a check would be made with Shelby authorities.

'Fire Storm' Whips Through Dry Forest

YREKA, Calif. (AP)—The worst "fire storm" in the history of the Klamath National Forest whipped through the haystack area today after covering some 20,000 acres of timber and brush during the night.

It was burning about 20 miles west of Yreka, down the Klamath River, in the Barkhouse and Grouse Creek Districts.

A "fire storm," in the language of the Forest Service, is a maximum development of burning conditions due to a combination of extremely low humidity, dry fuel and adverse winds. When a fire storm develops there is no known method of stopping it. The fire will burn until the fuel is exhausted or there is a favorable change in weather.

Peaceful Struggle Goes On

Israel and Egypt In Only One Clash On Tense Borders Sun. After the Cease Fire

JERUSALEM (AP)—Israel and Egypt struggled today to maintain a shaky peace along the tense Gaza frontier.

Israel apologized yesterday for the only clash reported along the border since both nations renewed their cease-fire pledge Sunday. The Israelis said one of their patrols had crossed into the Egyptian-held Gaza Strip Sunday night "through a mistake."

Egypt said the patrol of 20 soldiers opened fire on an Egyptian outpost. Two Israelis were killed and a third taken prisoner in the ensuing clash. The Egyptians said they suffered no casualties. They returned the two bodies to Israel yesterday.

Delving back into the recent daily violence along the Gaza border, the U. N. Egyptian-Israeli armistice commission held the longest meeting of its history yesterday. After 14 hours the commission's French chairman, F. X. Giacomaggi, ruled that both nations had violated their 1948 armistice in the initial incident Aug. 22, a clash between an Israel patrol and an Egyptian outpost near Gaza.

"It is impossible in my opinion to decide which side opened fire first," Giacomaggi said.

Egypt said she lost four killed and nine wounded in the Aug. 22 incident, while Israel reported two of her soldiers were wounded.

Two days later Egypt withdrew from talks with Israel which Canadian Maj. Gen. E. L. M. Burns, the U. N. truce chief, had organized in an effort to ease tension in the Gaza area. The Egyptians charged Israel was trying to use military action to affect the outcome of the talks. Israel in turn accused Egypt of provoking the Aug. 22 clash to torpedo the peace talks.

In the subsequent daily violent incidents an estimated 60 persons on both sides were killed, nearly 100 were wounded and two Egyptian vampire pit fighters were shot down over Israeli territory. The two nations agreed late last week to Burns' request for a cease-fire. They renewed their pledge Sunday after fighting broke out again Saturday, but each said again they would shoot back if attacked.

Convict Makes Prison Break, Then Returns

QUEBEC (AP)—A convicted murderer within the shadow of the gallows today faked a stomachache and used a gun fashioned from soap to break out of the Quebec jail. But he returned within an hour and a half upon advice of his lawyer.

Wilbert Coffin, 44, a prospector, scheduled to hang Sept. 23 for the murder of Richard Lindsey, 17, of Hollidaysburg, Pa., feigned a stomachache to lure a guard into his cell.

Then brandishing an imitation gun Coffin overcame four guards, took the prison keys and fled into the darkness.

Coffin was convicted of murdering young Lindsey in the Gaspé, Que., bush country in July, 1953. The bodies of Lindsey's father, Eugene, 47, and Albert Clair, 19, all companions on a bear hunting trip, were found near the boy's mutilated remains.

Coffin was tried only for the murder of young Lindsey.

In the Arlington demonstration, the Rev. T. L. McConnell of the First Baptist Church was named acting principal.

The controversy has been going on for eight years, with groups from Edison and Arlington opposing a consolidated school at Morgan.

At Edison, Police Chief W. B. Lawrence said about 1,000 persons milled around the high school during the demonstration. Leaders finally broke a door lock, entered and elected Dan W. Hammack, minority county school board member, acting principal.

He replaces resigned Gilbert Grandval as attempts are made to quell seething unrest in France's protectorate. (NEA Telephoto)

Opinion Received On Drivers Licenses

In a recent opinion received by Prosecuting Attorney Harold Barrick, from the attorney general, the position of the Magistrate Judge was clarified in the new driver license restrictions which the Magistrate Court is allowed to handle.

The opinion states that the Magistrate Judge will revoke a driver's license for any of several named offenses, but that the Magistrate may not set the time for which the license is taken away.

The opinion also states that a Magistrate Judge may not revoke a license of persons convicted of intoxicated driving or driving while under the influence of narcotics as these acts are felonies and out of the jurisdiction of the Magistrate.

Four persons were injured, one seriously, in a two-car accident at Broadway and Massachusetts about 6:40 p. m. Monday, the only serious accident to occur in Sedalia over the Labor Day holidays.

Mrs. H. T. Edwards Jr., 19, 623 East 15th, suffered a cerebral concussion and bruises when thrown from the rear seat of a Yellow taxicab to the floor of the car. Although her injuries were severe, she is not in a critical condition.

Mrs. Edwards was taken to the hospital in another Yellow cab which had gone to the scene of the accident. She was treated by Dr. Karl B. Gonser.

Jack Lawson, 25, 726 East Fourth driver of the cab involved in the accident, suffered an injury to the left leg and left side and bruises. He was taken to the hospital in the Gillespie ambulance, where he was treated by Dr. John Lamy.

Two occupants of the second car involved and who were injured were Leo C. Caldarella, 19, who received a cut on the nose and chin, and George Fox, 19, a sprained right elbow. They did not go to the hospital. Both boys are in the army and stationed at Ft. Leonard Wood.

Involved in the accident was a 1953 Ford sedan Yellow cab driven by Lawson, and a 1951 Studebaker sedan driven by Lewis Edward Carroll, 21, of Ft. Leonard Wood.

Lawson was headed north on Massachusetts and Carroll was going east on Broadway when the cars collided. Both vehicles swerved to the northeast, jumped the curb and went up on the lawn of the St. Paul Lutheran Church. The Yellow Cab struck a church sign knocking it down and causing damages to the sign estimated at \$500.

The front end of the Studebaker was demolished and the left front door and left side of the Yellow Cab was smashed in doing several hundred dollars damage to the cab.

Both drivers were booked for careless driving.

Hamlin's wrecker towed both cars away, the Yellow Cab to the Yellow Cab garage and the Studebaker to the Hamlin Service Station.

NEW BRITAIN, Conn. (AP)—Ten two-family houses in a federal project here go on sale tomorrow on a "first come, first served" basis. Prices range from \$8,210 to \$9,430.

At 6 a. m. yesterday, Rocco DiPinto, a liquor store proprietor, took up a stand outside the housing office where the sale will be held. By 4:30 p. m., there were four men in the line DiP

Hal Boyle's Column—

Considers What a 10-Hour Week Would Do to America

By HAL BOYLE

NEW YORK (AP)—Curbstone reflections of a Pavement Plato: The day after Labor Day is a good time to consider what life will be like in America when the standard work week will be only 10 hours long.

Sound impossible? Well, no less an authority than CIO president Walter Reuther says a 10-hour week is on the way, although perhaps there is no point in the average man straining his eyeballs looking for it on the horizon now.

The red-haired labor leader wouldn't be pinned down on whether the working man's Utopia would come before or after the year 2,000. He only grinned and observed, "It'll come sooner than the National Assn. of Manufacturers expects."

Reuther foresaw a time when auto workers would be able to turn out a week's quota of cars in 10 hours, and spend the rest of their time in cultural pursuits.

"Working for a living will be sort of a hobby," he said. "We'll never know how much genius went unburned because of the sheer human task of feeding families. We'll never know the Pastors or Edison or Rembrandts or Marian Andersons who never had a chance."

There is no doubt of a trend toward a shorter work week. The productivity of the American worker, rising at roughly the rate of 4 per cent a year, enables him to get more done in a shorter space of time. The growth of automation—we seem only at the doorstep of the true push-button age—is speeding this trend.

A hundred years ago moralists thought long hours of labor — the 60-hour week was commonplace — was a blessing to the working man, not a curse, because it kept him out of trouble. What the working man thought himself wasn't very important.

The spread of the five-day, 40-hour week — 35 in some industries — hasn't been quite the social disaster the moralists expected.

Leisure hasn't destroyed the working man. He has stubbornly refused to go to pot. He may not be any happier than his grandfather. But he is healthier, is living longer, and has the time and energy to do things his grandfather never dreamed of.

But a 40-hour work week is one thing, and a two-day, 10-hour work week is quite another. When I told my wife, Frances, about this great time a-comin', she said:

"I hope it doesn't happen in our lifetime, Rover. Having you underfoot at home two days a week is bad enough. I don't know how

I could put up with having to stumble over you five days a week. "Husbands are nice, but one of the nicest things about them is they get out of the house every morning and go to work. The 10-hour work week would ruin marriage."

Of course, the shoe might fit another foot, too. How many husbands would leap at the opportunity to stay home and listen to their wives three more days a week?

The 10-hour week would also ruin politics. With all that time to kill, everybody would run for public office just to keep from being bored. Career politicians would be out of work.

Perhaps the 10-hour week would uncover a new Rembrandt or some mute, inglorious Milton. But with everybody free to attack a sonnet or an easel, the chances are that the nation would be flooded with 9th rate Miltons and 10th rate Rembrandts.

As it is now the nation is crawling with amateur painters and if you so much as look at one of their daubs and say, "My, that is something, isn't it?" they thrust the horrible thing at you and insist that you take it home. Then whenever they visit you, you first have to dig the thing out from behind the refrigerator and hang it right side up, if you can remember what it is — in a place of honor.

Frankly, the idea of being overwhelmed by sonnet reading friends and amateur Rembrandts poses the problem that culture can be carried too far. Personally, I don't feel up to the perils of a 10-hour week.

I'll settle for the 20-hour week — and free coffee.

Plant Chinese Flag On Communist Isle

TAIPEI, Formosa (AP)—Daring frogmen planted a Chinese Nationalist flag Saturday on the beach of Amoy, a Communist island, and it was still flying there at sunset yesterday, according to local press reports. The exploit was in celebration of Nationalist China's first Armed Forces Day.

Antipersonnel mines were planted around the base of the flagpole. The press speculated the mines and fear of Nationalist gunfire from Quemoy Island, six miles away, made the Reds afraid to approach the flag.

Stabs Father, Lives At Home Five Weeks

BOSTON (AP)—Police Capt. Michael A. Clougherty said 17-year-old Arthur H. Martin, an honor student at Boston Latin School, admitted last night he stabbed his father to death and lived alone in their home with the body for five weeks.

Mrs. Isabel Martin, 39, last night found the body of her husband, Manuel, 51, on their bedroom floor. She had been away on an extended vacation.

Clougherty said the son told detectives he stabbed his father with a trench knife last July 28 during an argument over washing the kitchen floor.

No charge was brought against the boy immediately.

BEGINS COLLEGE — Miss Shirley Hand, daughter of Mrs. Edith Hand, Kansas City, formerly of Sedalia, will enter Kansas University in Lawrence Kan., this fall. She plans to major in social welfare and college counseling. Shirley is the granddaughter of Mrs. R. W. Ellis, Sedalia, and Mr. and Mrs. J. E. Hand, Houstonia. She is a graduate of Paseo High School in Kansas City, class of 1955.

Vandalism Ruins St. Louis Church

ST. LOUIS (AP)—Vandals smashed the interior of the Carondelet Baptist Church yesterday, pushing holes in the walls, flooding the basement and spattering ink around the building.

"Our church is wrecked," said the Rev. E. N. Rogers.

He listed as damaged or destroyed the pulpit, piano, public address system, stained glass windows, 20 glass-enclosed nursery cribs, a number of benches and chairs, pictures and religious objects.

Shigemitsu Returns

HONOLULU (AP)—Japan's Foreign Minister Mamoru Shigemitsu arrived here last night by plane en route home from his American tour.

Elevator Man Says He Went AWOL in 1928

NEW YORK (AP)—If William F. Lydon's story checks out, the Army has a 59-year-old private on its hands.

Lydon, a slight, bespectacled elevator operator, turned up at 1st Army headquarters on Governor's Island yesterday. He told an MP on duty there:

"I want to give myself up. I've been AWOL from the Army since 1928, and now my conscience bothers me so much I've got to go in and face it."

Surprised Army authorities assigned Lydon to a "casual detachment" and restricted him to the island while they checked his case. This might take some time, a spokesman said, since records dating back that far are probably

Ticket Collection

SPRINGFIELD, Ill. (AP) Detective Sgt. Byron Nolting stopped on

buried somewhere in archives at Kansas City.

Lydon told Army officials he enlisted at Boston in 1928 and was assigned to Ft. Scott, R.I. While on pass one day with other soldiers, he said, he drank too much and overstayed his leave by two days. Ashamed and afraid to face Army discipline, he decided to stay away.

"I went back to Boston, bought civvies and did railroad and construction work," he recalled. "The Army didn't trace me. A couple of years later I came to New York, met my wife and settled here."

The Army spokesman said the statute of limitations on a peacetime desertion will probably spare Lydon any punishment. "We'll have to give him a discharge, that's all," he added.

his way to work yesterday to talk with 5-year-old Terry Weller.

Terry insisted that Nolting see his "collection." The boy produced an accumulation of parking tickets taken from the windshields of cars at a municipal parking lot. Motorists using the lot have been complaining that a delinquent notice in the mail was their first knowledge of a parking violation.

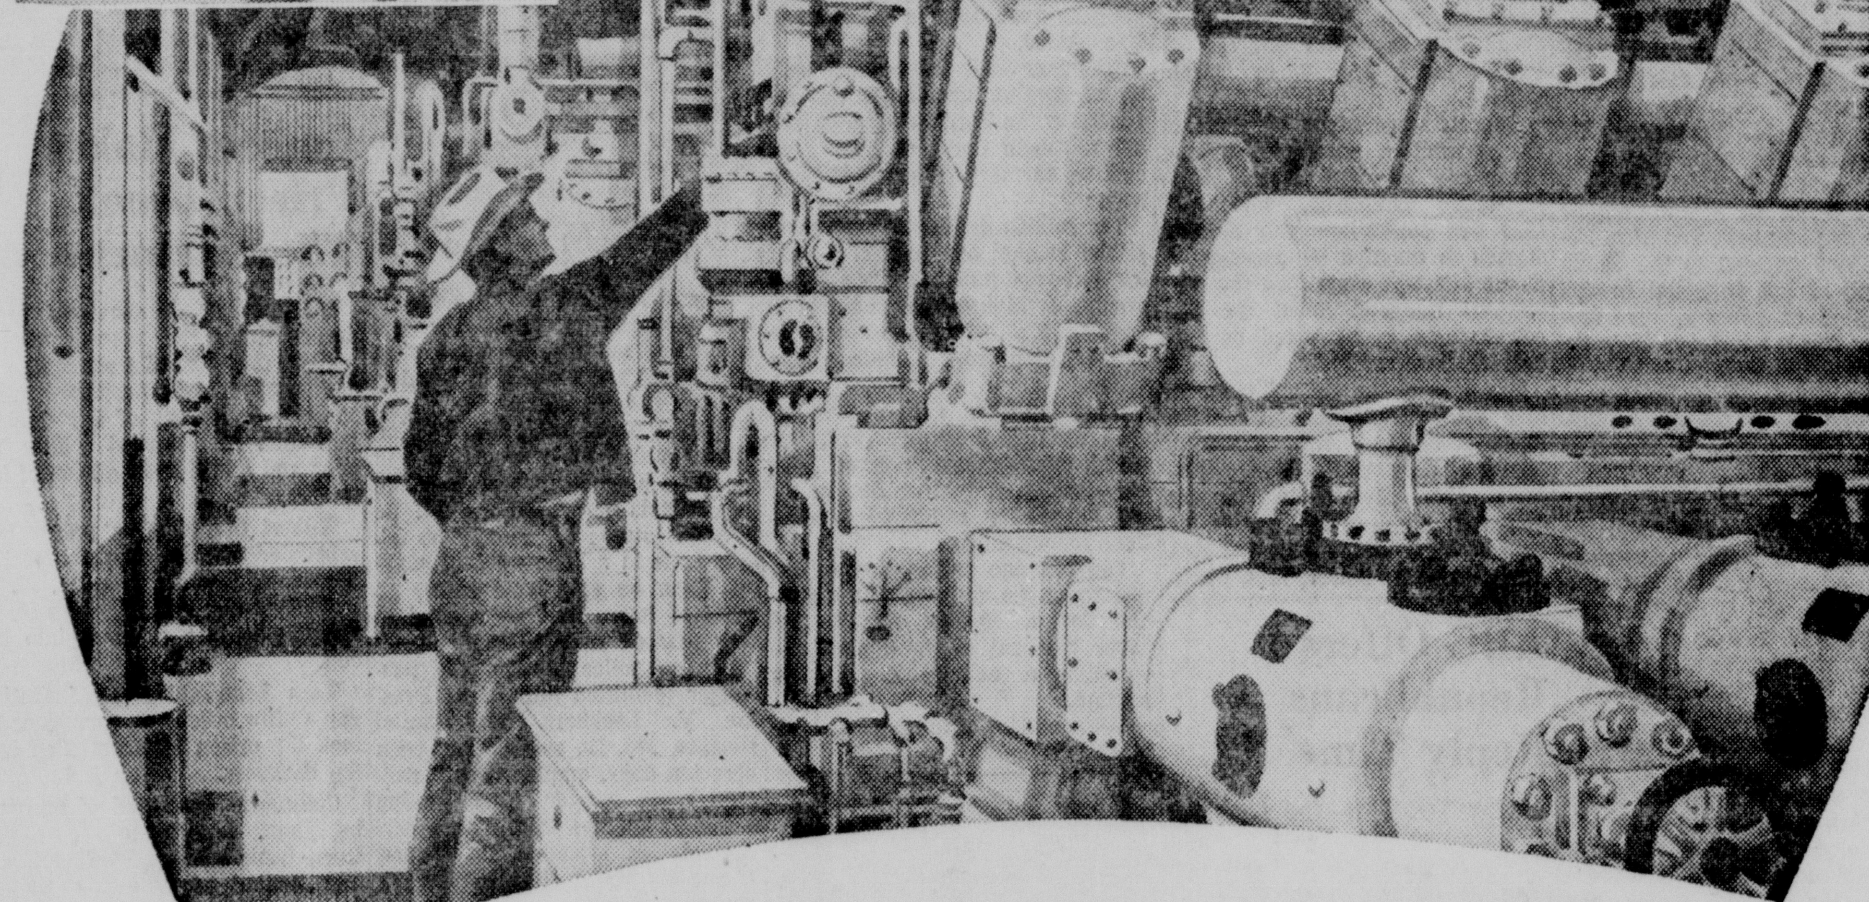

Terry's mother assured police that her son's collection would be stopped.

A pipeline's "HEARTBEAT" gets its check-up, too...

The "heart beat" of the Cities Service Gas Company's pipeline system is so essential to your welfare that it gets a check-up every hour of the day and night.

A pipeline's "heart beat" is the around-the-clock, pulsing drive of powerful gas compressor engines. They help deliver natural gas to your community through giant pipelines—the miracle fuel that refrigerates and cooks your food, dries your clothes, heats your home, supplies your hometown industries... and does so many jobs that ONLY gas can do so well.

In the 34 compressor stations located at intervals along 6,000 miles of Cities Service Gas Company lines in Texas, Oklahoma, Kansas, Missouri and Nebraska, you'll find more than 200 of these giant engines with a total of 168,740 horsepower. These "babies" are really expensive! To date, more than \$33,000,000 has been invested in the engines and stations. Our costs are going up just like many of the costs of running your home! For example,

our own annual costs of operation and maintenance of compressor engines have more than doubled in the past 12 years. They climbed from \$10.20 per horsepower in 1942 to \$26.27 in 1954.

Costs are increasing for gas engines, steel pipe, new construction, wages and replacement equipment—just about every item necessary to do the important job of bringing natural gas to your community.

But despite the immensity of the task, and upward-climbing costs, gas still is one of the lowest items in the national average costs of living.

No wonder so many say:

"Actually natural gas is one of my biggest bargains. It's worth every cent I pay for it...and then some."

Elizabeth Schlup Becomes Bride Of Calvin E. Schlup

Miss Elizabeth L. Schlup, Kansas City, daughter of Mr. and Mrs. Allyn Schlup of California became the bride of Calvin E. Schlup, Kansas City, son of Mr. and Mrs. Elmer C. Schlup of Jamestown Sunday, Aug. 28 at 2 p.m. in a double ring ceremony at the Evangelical and Reformed Church by the Rev. Elmer L. Koch before an altar decorated with lighted tapers and baskets of garden flowers and roses.

Mrs. A. L. Gates of California played the organ and accompanied Mrs. Shirley Moore, California, who sang "I Love You Truly" and "The Lord's Prayer."

James C. Hauetter, Overland Park, Kan., uncle of the bride, lighted the candles.

The bride, given in marriage by her father, wore a white ballerina length gown of imported lace and nylon tulle, over nylon net. The fitted bodice was fashioned with a round yoke and a face framing Queen Anne Collar. The long sleeves came to points over her wrists and buttoned down the back with self covered buttons. Her shoulder length veil was held by a demi-cap of finely pleated nylon tulle with imported lace, beautifully outlined with seed pearls. The tiara and veil were made by her cousin Mrs. John Strode of Kansas City. She carried a bouquet of white spider mums.

The maid of honor, Miss Patricia Ann Schlup, California, wore a pink strapless dress of tulle and net over taffeta with a lace fitted jacket and on her head a bandeau of pink velvet ribbon. She carried a bouquet of white carnations.

Carl Schlup, brother of the groom, Jamestown, served as best man. James C. Hauetter, Overland Park, Kan., uncle of the bride, and Paul Pace, Jamestown, uncle of the groom, served as ushers.

The brides mother wore a navy blue nylon lace dress with navy and white accessories, with a corsage of red carnations. The bridegroom's mother wore a green and white crepe dress with black accessories and a corsage of red carnations.

A reception was held at the home of the bride's parents after the ceremony with 55 guests present. The bride's table was covered with a crocheted tablecloth made by her mother. A four-tier wedding cake was in the center of the table with lighted tapers on each side encircled with greenery. Serving at the bride's table were Mrs. Frank Herfurth, California, Mrs. Paul Pace, Jamestown, Miss Charlotte Pace, Jamestown, Mrs. A. L. Luther, Memphis, Mrs. Clyde Francis, Jefferson City, and Mrs. Alta Schlup of Jamestown. Miss Regina Platt was in charge of the guest book.

Following the reception the couple left for Kansas City. The bride wore a navy blue Irish linen suit with light blue accessories. She wore a corsage of white spider mums. They are now at home in Kansas City.

The bride is a graduate of California High School class of 1952. She is employed at Sears Roebuck in Kansas City.

The bridegroom is a graduate of Jamestown High School with the class of 1952 and is employed at the Sunshine Biscuit Company in Kansas City, Kan.

Pilot Grove Opti-Mrs. Elect New Officers

The regular meeting of the Opti-Mrs. Extension Club of Pilot Grove was held Thursday afternoon at the home of Mrs. Charles Schlottzauer with election of officers, as follows: Mrs. Milton Schlottzauer Sr., president; Mrs. Milton Schlottzauer, vice president; and Mrs. J. H. Coleman, secretary-treasurer.

The business meeting was opened with the group singing the club song "Tell Me Why" with fourteen members present. Roll call was "One thing I have learned about polio." The business consisted of reports by Mrs. Robert Warnhoff on "Clothing," Mrs. Stanley Schlottzauer on "Draperies"; and Mrs. L. H. Judy on "Diets for the waist line." Plans were discussed for achievement day which will be held in Booneville, Oct. 22. Mrs. Robert Warnhoff is in charge of the achievement day program. Plans were made or entertainment of the Happy Workers 4-H Club Sept. 9.

Mrs. Henry Jeffress and Mrs. Milton Schlottzauer were appointed on the social committee. Mrs. C. H. Stegner presented a talk on "The New Egg Law." Three guests were present. A donation

Mrs. Calvin E. Schlup

About Town

Mrs. Gertrude Roe, 705 West Fourth, returned home Friday from Deer Ridge, Chalet in the Rocky Mountains in Colorado. She has been there since June 1, working most of the time in a gift shop there.

Mr. and Mrs. Charles William Bolton and sons, Danny and Roger of Topeka, Kan., visited over the Labor Day weekend as guests of his parents, Mr. and Mrs. C. H. Bolton, 400 West Fifth. They also visited other relatives while here.

Mr. Bolton will enter Washburn College in Topeka on Sept. 10. C. A. Smith and Miss Lou Disque, of 1106 South Ohio, have returned from a visit with Mr. Smith's son, Dr. and Mrs. Harry B. Smith, of Detroit, Mich. Dr. and Mrs. Smith accompanied them home, and the family visited Mrs. C. A. Smith's sister, Mr. and Mrs. Doc Chapman, of Kansas City. Saturday morning, Dr. and Mrs. Smith left for Chicago where they will visit before returning home.

Miss Lucille Jones, Lead, S. D., who for the past two months has been visiting her grandparents, Mr. and Mrs. E. E. Swafford, 1705 South Prospect, left for her home Friday evening. She was accompanied home by her mother, Mrs. A. W. Jones, who for the past week has been visiting her parents and sister, Miss Judy Frank, Sundance, Wyo., who has also been a guest in the Swafford home.

The Rev. and Mrs. Earl F. Swafford and daughter, Carol Ann, Ft. Worth, Tex., arrived in Sedalia, Friday for a visit with their parents, Mr. and Mrs. E. E. Swafford, 1705 South Prospect, and sister, Lucille.

Broadway PTA To Revise Laws

The Broadway PTA Executive Committee met Thursday at Broadway School. The new president, Mrs. Ralph Rohrbach, presided. Miss Edith Couey, principal, was welcomed back after many months in the hospital. The budget and rating form were discussed. Several changes were made in the bylaws and a committee consisting of Mrs. Glenn Lewis, chairman, Mrs. John Kenny and Mrs. Elmo Harlaa was appointed to rewrite the laws and send to the state PTA for approval.

The school lunch room will open Monday, Sept. 12. There will be a tea for the teachers and new patrons at the first regular PTA meeting Sept. 23. The Sedalia PTA Council will hold its first meeting Sept. 14 at 2 p.m. at the First Baptist Church.

Announce Chairmen For Teachers Meeting

Mrs. Lois Hart of Sedalia, Boyd Calvird and Mrs. Mary Helen Turner of Windsor, and A. H. Baeker of Marshall are among the chairmen announced for divisional and departmental meetings in the sessions of the Central District Teachers association.

About 2,000 teachers are expected to attend the sessions at Central Missouri State College in Warrensburg, Thursday and Friday, Oct. 6-7. Dr. George W. Diemer, president of CSMC, will be among the speakers. Earl M. Brown of Leeton is president of the association.

or \$8.50 was made to Mercy Hospital, Kansas City. Mrs. Robert Warnhoff will be hostess for the October meeting.

Houstonia MYF Plans Booth Festival

The Houstonia MYF met Friday night with Elma Jane Morris with 15 people present. Elma Morris presided at the business meeting at which plans were discussed for the Booth Festival to be held in the fall. Plans were made to buy some play equipment. The following took part in the program Elaine Lowrey, Virginia Walk, Freddie Werneke, Betty Joe Reid and Elma Jane Morris. Refreshments were served by the hostess.

The next meeting will be a supper at the church.

Beaman 4-H Club Discusses Tour

The Beaman Arator 4-H Club met Aug. 31 with 14 members and seven visitors present. The 4-H pledge was repeated and the club song sang "Song of Peace" and "I Would Be true." The recent community tour was discussed with the members reporting on what they had seen. They voted to send a donation to Missouri 4-H Foundation.

The president appointed a committee to nominate officers for the new year. The committee is Duane Johnson, Janice Grimes, J. H. Nutt and Ellen Lacey. Earl Wood gave a report on the county livestock show and Mr. Lacey reported on tractor maintenance. The club voted to have a hayride and wiener roast, Sept. 16.

The next meeting will be held at Beaman Community Hall, Sept. 28, at 8 p.m. Reports from community leaders on progress of the club for past year will be given with election of officers for the coming year.

More than 14,000 farm residents are killed by accidents annually and more than a million injured.

WSCS Has Anniversary Program

The WSCS of the Fifth Street Methodist Church observed its 15th anniversary Thursday with a special anniversary program.

After the business meeting, Mrs. George Lovercamp, program chairman, presented the program topic, "The Spread Of The Kingdom In Perilous Times". The following members assisted on the program: Mrs. Ernest Biggs, Mrs. Frank Field, Mrs. Myron Lindquist and Mrs. Herbert Mason.

Mrs. P. L. Strole, secretary of spiritual life, conducted a memorial service for the 23 charter members who had died in the past 15 years. Their names and money given in their memory will be placed on the Chimes Memorial Fund.

Mrs. E. W. Bartley, program leader, spoke of the many changes in world affairs in the past 15 years and of how they have indirectly affected the work in the Woman's Society. She asked the society to look back and appreciate the past insofar as it would enrich the present and give promise to the future.

Mrs. Frank Johnson read some

favorite lines sent to the society by Miss Lula Monroe, a charter member, who was unable to be present.

Mrs. T. A. Huffine told the history of the union and organization of the WSCS.

Mrs. Brooke Wade read several verses of Scripture and made some brief comments.

A duet was sung by Mrs. George Lovercamp and Miss Mary Helen Skillman, "His Eye Is On The Sparrow".

Mrs. H. E. Lindstrom reviewed the charter meeting day. Mrs. Glenn Cox told of the purpose of the society and explained the emblem. Mrs. Cox displayed a large emblem which had been drawn by Rebecca Davis.

Interesting highlights from their years as presidents were given by the five past presidents, Mrs. John Ryan, Mrs. R. E. Taylor, Mrs. R. E. Gerster, Mrs. Henry Niemann and Mrs. T. A. Huffine.

Mrs. R. M. Stonner gave the four dimensions of the society and read a poem.

The program closed with prayer by Mrs. E. W. Bartley. All charter members present were presented with rosebuds and were seated at a special table at the luncheon, which was served by Mrs. Florence Walkup and her committee.

OBITUARIES

Judge A. L. Wilson

Judge Arlie L. Wilson, 67, well known Pettis County farmer and stockman, a former judge of the eastern district Pettis County Court, serving from 1943 to 1945, died at his home southwest of Sedalia at 11:00 a. m. Tuesday, a few minutes after he was stricken with a heart attack. He had been in failing health for several months but had not been bedfast.

He was born in Scotland County, Missouri, January 24, 1868, son of the late George and Anna Stone Wilson.

He was married at Booneville, Iowa, June 15, 1910 to Miss Minnie Criel, who survives.

Also surviving is a son, Robert E. Wilson, Henderson, Ky.; two brothers, Don U. Wilson, Booneville, Mo., and Byron Wilson, Memphis, Tennessee; two sisters, Mrs. Earl Smith, Miss Bernice Wilson, both of Memphis, Tenn.; two grandchildren, Grant Wilson and Laurie Jean Wilson.

The body was taken to the Ewing Funeral Home. Funeral arrangements have not been completed.

Harold E. Schwenk

Harold E. Schwenk, 65, 1001 West Tenth, died at 7 p. m. Saturday at the Veterans Hospital, Kansas City, where he had been a patient for ten days.

Mr. Schwenk was born at Schuyllkill Haven, Pa., Aug. 23, 1890, son of the late William and Katie Schwenk. He had been a resident of Sedalia for 41 years.

On June 13, 1925 he married Miss Mabel Estep.

He was a painting contractor and decorator and was a former professional ball player, having been with the St. Louis Browns in the American League in 1913. After coming to Sedalia he was a pitcher for the Sedalia Athletics. For many years he was bass drummer for the Kroencke Concert Band. While in service he was a member of the army band.

He was a member of the East Sedalia Baptist Church.

Surviving are his wife, Mrs. Mabel Schwenk of the home; a daughter, Mrs. Virginia Cramer, Kansas City; four sisters, two brothers of Schuyllkill Haven, Pa., and two grandchildren.

The body was taken to the Gillespie Funeral Home where funeral services were at 2 p. m. on Tuesday, the Rev. Boyd Eldridge, pastor of the East Sedalia Baptist Church, officiating.

Russell Maag, with Miss Lillian Fox at the organ, sang "The Old Rugged Cross" and "In the Garden."

Palbearers were Clyde Waters, E. E. Lingle, Glen Reckard, A. P. Beazley, O. Y. Thomas and L. A. Duff.

Burial was in Memorial Park Cemetery, the body being at the Gillespie Funeral Home until after services.

Leslie D. Hudson Services

Funeral services for Cpl. Leslie Darrell Hudson, who lost his life in service in Korea, Nov. 29, 1950, were held at the Bethlehem Baptist Church at 2 p. m. Sunday, Sept. 4, with the Rev. Denzil Albin, Booneville, officiating. Mrs. Herbert Brauer and Mrs. Hadley Stahl sang "We'll Understand It Better By and By." "God's Way is the Best Way" and "Sometime We'll Understand." Mrs. Emmet Brauer was accompanist.

Palbearers were John Hardey, St. Omer Commandery No. 11 will meet in stated convocation Tuesday evening, Sept. 6, 1955 at 8:00 p. m. Dispensation, balloting and work in the Order of the Red Cross, followed with work in the Malta. All Sir Knights welcome.

Lynn Russell, Commander. W. L. Reed, Recorder.

St. Omer Commandery No. 11 will meet in Special Conclave Wednesday, Sept. 7, 1955 at 7:00 p. m. for work in the Order of the Temple. All Sir Knights welcome.

Lynn Russell, Commander. W. L. Reed, Recorder.

Regular meeting of Sedalia Lodge No. 125, BPO Elks will be resumed Wednesday night at 8 o'clock. All Elks are invited to be in attendance. Come out and support your lodge.

James E. Durlay, Exalted Ruler. Howard M. Brown, Secretary.

IOOF Neapolis Lodge No. 153 will hold regular lodge at 7:30 o'clock tonight.

O. Blankenship, N. G. H. Jett, F. S.

Warren Klein, G. M. Oswald, Alfred Mullins, James Schroeder and Cecil Mullins.

American Legion Post 548, Syracuse, and Post 304, Tipton, conducted graveside services. The Tipton Post furnished color bearers and firing squad. Ray Anthony and Donald Claas sounded taps.

The body was accompanied by Sgt. Gerald P. Horne, Oakland, Calif., to Missouri.

Mrs. J. W. Allen

Mrs. D. G. Spurlock, Versailles, received a message telling of the death of her mother, Mrs. J. W. Allen, who had been making her home in Germany with a daughter, Mrs. B. O. Catron. Her death was in a hospital at Heidelberg. The body is to be brought to Versailles for burial.

Mrs. John Schillb

Mrs. Dale Schillb, about 80, wife of John Schillb, died Tuesday morning at Fulton and the body is being taken to Ottaville where she had resided many years.

Funeral services will be at Ottaville Thursday.

Surviving are her husband and a daughter, Mrs. Margaret Hansen, Ottaville.

Mrs. Daisy S. Archias

Mrs. Daisy Satterwhite Archias, Brawley, Calif., formerly of Sedalia, widow of J. C. Archias, died at her home in Brawley, Friday night following a long illness.

Surviving are a daughter, a grandson, two brothers, Will J. Satterwhite of Amarillo, Texas and Hugh Satterwhite, DeSoto, Kan., one sister, Miss Jael Satterwhite, Deming, N. M., and several nieces and nephews.

Her husband preceded her in death about two years ago.

James M. Carpenter Rites

Funeral services for James M. Carpenter, 62, 1809 South Park, who died at the Bothwell Hospital Saturday night, were held at the Ewing Funeral Home at 2:00 p. m. Monday.

The Rev. H. L. Alley, pastor of the Calvary Baptist Church, officiated.

Mrs. Joe Whitfield sang "Face to Face" and "Beyond the Sunset," accompanied by Mrs. Mae Moser at the organ.

Palbearers were Albert Walz, Arthur Billingsley, Harry Rogers, Jesse Gwinn, William Bigelow and Herbert Boss.

Members of the Granite Lodge No. 272, A. F. & A. M., conducted the Masonic ritual.

Burial was in Memorial Park Cemetery.

Allan E. Scruton Rites

Funeral services for Allan E. Scruton, 62, son of the late Col. George H. Scruton and Mrs. Alice L. Scruton, who died at the Veterans Hospital in Wadsworth, Kan. Saturday night, were held at the Calvary Episcopal Church at 2:00 p. m. Tuesday.

The Rev. Robert C. Kilbourne, pastor of the Episcopal Church at Marshall, officiated.

Palbearers were Carl G. Schradner, John Henry Brooks, Earl Paxton, Leroy Dent, Kenneth U. Love and Neville Johnson.

Members of Post 16, the American Legion, were in charge of military services at the grave.

Burial was in the Scruton family lot in Crown Hill Cemetery.

The body was at the Ewing Funeral Home until the hour of the service.

Mrs. Mellie J. Johnston

Mrs. Mellie J. Johnston, 91, died at St. Luke's hospital in Kansas City Monday morning. She had been an invalid for several years and had been a patient at the hospital since August 23.

Mrs. Johnston was born at Whitestown, Ind., May 31, 1864, the daughter of the late James and Rebecca Miller White. She came to Missouri in 1882, making the trip with her parents in a covered wagon.

She was married at Arrow Rock, Mo., January 13, 1887 to Davis W. Johnston, who preceded her in death July 29, 1930.

Since that time Mrs. Johnston has made her home with her daughter, Mrs. Nellie R. Sims in Kansas City, Mo.

Mrs. Johnston was a member of the Kensington Avenue Baptist Church in Kansas City.

She is survived by four sons, Guy L. Johnston, 1221 East Seventh; Harold J. Johnston, Route 5, Walter G. Johnston, Wichita, Kan.; and Jack P. Johnston, Omaha, Neb.; three daughters, Mrs. Nelle R. Sims, Kansas City; Mrs. Lorraine J. Barrick, Washington, D.C.; and Mrs. Claire L. Barrick, Sedalia. Eighteen grandchildren and twenty-five great grandchildren also survive.

Funeral services will be held at the Ewing Funeral Home at 2:30 p. m. Wednesday.

The Rev. Paul Fisher, pastor of the Kensington Avenue Baptist Church in Kansas City, will officiate.

Burial will be in Crown Hill Cemetery.

The body was brought to the Ewing Funeral Home Monday evening, where it will remain until the hour of the service.

Flying Beaver

ALBUQUERQUE, N. M. (AP)—Heard about the absent minded painter who had forgotten that he moved his ladder?

Roy Huddleston went one better: he forgot he was on the roof. Doing some repairs, he "put one foot right into midair and that ground sure came up fast."

He's recovering nicely from a jarred hip bone.

LABOR DAY PICNIC — Although parades and other formal means of celebrating Labor Day have been discontinued, many citizens stayed out of the heavy traffic by attending this celebration, which was held Monday at Hubbard Park.

Housewives in Suburbs Are Unkempt and Shabby

When the American housewife gets dolled up to go to a party she manages to look as carefully groomed and as chic as her working sisters.

But the way she looks during her working day is often a different story.

One fashion authority, who is herself a housewife, "views with

alarm the state of beauty in suburbia."

Speaking before the New York Fashion Group, Mrs. Charlotte Montgomery, a New York merchandising consultant, charged: "Too many homemakers spend large pieces of their working hours looking messy, unkempt, their hair unattractively undone or in pin curls. They wear no lipstick and dress as if they were about to scrub out a hen-house."

There's a lot of truth in Mrs. Montgomery's charge. You don't have to visit housewives in their homes or yards to prove it.

All you have to do is drop by the neighborhood supermarket and take a good, long look at the women who pass by.

For every woman dressed neatly in a housedress or skirt and blouse, with hair combed and wearing fresh lipstick you'll find at least three women in shorts who don't have the figure for them, at least one in pin curls, at least one whose hair looks as though it hasn't been combed in a week, and at least one in a rumpled dress and the shoes she wears to water the lawn.

It almost seems to be that the more labor-saving devices make the job of housekeeper a relatively clean and easy job, the messier housewives look.

When grandma beat rugs by hand, scrubbed her clothes on a washboard and baked the family bread she at least put on a clean apron when she finished a messy job.

And though grandma may not have relished the sight of her in curlers at bedtime, at least the rest of the world didn't have to see her that way.

Paul Williams Leads Democrat Carriers' Football Trip Contest

Paul Williams jumped off into an early lead in the Football Trip Contest for Democrat-Capital newspaperboys announced last Saturday.

Fifteen winners of the contest will watch the Homecoming football game between the Missouri Tigers and the Nebraska Cornhuskers on October 22 as guests of the Democrat-Capital.

Ten winners will be from Sedalia and five winners will be selected from carriers in surrounding towns.

The contest is based on new subscriptions, prospects contacted, and service. All carriers are entered in the competition.

In addition to competing for the trip, carriers may also earn merchandise prizes by obtaining new subscriptions.

Competition will end on October 15.

Gift From Magnate

SEOUS (AP)—Syrus P. Skouras, president of 20th Century Fox, has donated \$500 to a municipal hospital for children, Seoul City officials said today.

The movie magnate made the donation on his visit to Korea as President Rhee's guest last week.

Membership In Churches Still Grows

NEW YORK (AP)—Americans have kept up their postwar interest in religion, swelling total membership in U.S. churches of all faiths to a record 97,482,611.

This figure, reported yesterday by the National Council of Churches, means 6 out of every 10 persons in the United States is listed as a church member.

"There has been no pause or letdown in the vigorous postwar growth of the churches," said Dr. Benson Y. Landis, editor of the council's yearbook, in which the new figures are to be published this month.

The council's figures show that church membership is growing faster than the population of the country. Most of the current church figures are for 1954. The rise over 1953 is 2,639,766 or 2.8 per cent. In the same period the population rose 1.7 per cent.

The council is an organization of 30 Protestant and Eastern Orthodox bodies but its yearbook statistics cover all American churches, which now have a total of 300,056 congregations, 5,597 more than in 1953.

More than two billion dollars are given annually to churches, the council reported, and church construction in 1954 hit an all-time high, amounting to 538 million dollars. This was 25 per cent more than a year ago.

Clergymen in active charge of local churches total at least 213,167, compared with 207,618 the year before.

The yearbook reported that church members now make up 60.3 per cent of the population, compared with 49 per cent in 1940 and 16 per cent a century ago "when Americans were popularly supposed to be more religious-minded than today."

The yearbook listed this membership breakdown by religious groups:

Protestant — 57,124,142 in 273,508 churches.
Roman Catholic — 32,403,332 in 20,794 churches.
Jewish — 5,500,000 in 4,079 churches.
Eastern Orthodox — 2,024,219 in 1,341 churches.
Old Catholic and Polish National Catholic — 367,918 in 285 churches.
Buddhist — 63,000 in 49 churches.
Protestants gained the most numerically in 1954 with an increase of 1,236,817 or 2.3 per cent. Greater percentage increases were shown by the Roman Catholics, up 927,071 or 2.9 per cent, and the Jews, increased by 500,000 or 10 per cent.

Membership in the largest Protestant denominations or denominational groups was:

Baptist — 18,488,621.
Methodist — 11,638,002.
Lutheran — 6,818,283.
Presbyterian — 3,703,021.
Protestant Episcopal — 2,660,699.

'Campaign School' For GOP Chairmen

WASHINGTON (AP)—"School days" are here again—for the Republican party chairmen of the 48 states.

The 48 GOP "students" started arriving here today for a "campaign school" the Republican National Committee is putting on to boost organization drives for the 1956 elections.

"Classes" begin tomorrow. Then, after three days of swapping ideas with national, Senate and House campaign directors, the state chairmen will fly to Denver for a Saturday breakfast with President Eisenhower.

Truman Lashes Republican Labor Policy

DETROIT (AP)—Former President Harry S. Truman delivered a ringing attack on the Republican administration yesterday.

Truman spoke after the longest and largest Labor Day parade in Detroit history, in which 60,000 AF and CIO Union members marched amiably in demonstration of their forthcoming merger in one union.

The ex-president ripped into the Eisenhower administration's labor policies and urged the union members to back the Democratic presidential candidate in 1956, because he said "he will be a good man and a friend of labor."

Responding to cries from the crowd to "give 'em hell, Harry," Truman drew his biggest applause when he charged that "certain Republican politicians are getting ready to play rough" in the forthcoming campaign. "If the Democratic party invites me into the campaign," he added, "the Republicans will get all the rough they want."

Truman singled out for praise the guaranteed annual wage plan of the CIO United Auto Workers then turned to his favorite whipping horse—the Taft-Hartley Act. He said the Taft-Hartley Act "expressly permits the states to pass these anti-union (right to work) laws."

"I am not going to run for public office," he said, "at least not until I'm 90."

Turkish Consulate Dynamited in Greece

ATHENS, Greece (AP)—A stick of dynamite exploded early today in the yard of the Turkish consulate at Salonika. No one was injured but windows in the consulate and in nearby houses were broken.

The incident occurred as unrest increased in political quarters here because of a statement by Turkish Foreign Minister Fatin Rustu Zorlu in London, where Britain, Greece and Turkey are conferring on the future of the island of Cyprus.

Shukri Kutwatly Syrian President For Third Time

DAMASCUS, Syria (AP)—Shukri Kutwatly, 62, assumed office today as Syria's President. He has held the job twice before.

Kutwatly was elected Aug. 18 by the Syrian Parliament, getting a big majority over Foreign Minister Khaled Azem. Kutwatly's election to the presidency climaxed a comeback from deposition and five years exile. He was elected with the support of the middle-of-the-road moderately pro-Western parties. Azem had campaigned with leftist backing.

Kutwatly first was elected head of state in 1943 and again in 1948. A military coup removed him in March, 1949, and he spent five years in exile in Egypt. He was invited to return to Syria after

Nation's Best Lovelies Set To Compete

ATLANTIC CITY, N.J. (AP)—They're here and they're ready for battle. Forty-nine lovelies from throughout the nation primed to-day with their sights set on the Miss America 1956 crown and the host of prizes that go with it.

An illuminated parade—with 80 floats, 27 bands and a fleet of cars—officially opens the pageant to-night. The public will get its first glimpse of the contestants then.

But first the beauty queen hopefuls were slated to pose in swim suits for newsreel, television and newspaper photographers. And then comes a round of rehearsals to prepare the girls for the pageant parade.

Tomorrow night will begin preliminary swimsuit, evening gown and talent competitions. They will last for three evenings.

With the field narrowed to 10 semifinalists by Saturday night, judges then select five finalists, and finally a new Miss America

will be crowned before a nationwide television audience.

The current queen, Lee Ann Meriwether of San Francisco, will crown her successor, who also reaps a \$50,000 harvest in prizes and personal appearance fees.

Charmers from all of the states except New Mexico, Wyoming and Washington are competing, along with girls from Chicago, the District of Columbia, Hawaii and Canada.

After registering yesterday, they donned official badges and scattered to their separate rooms in 17 beachfront hotels.

In tonight's procession along this resort's famed boardwalk, all of the contestants but Miss Pennsylvania—Palm Ulrich of Sinking Spring—will ride in convertible autos. Miss Pennsylvania plans to ride on a special float.

The first to sign the pageant register yesterday was Miss South Dakota, Connie White of Canistota, and the last was Miss North Dakota, Mary Ann Gibbs of Crosby.

Miss Vermont, Phyllis R. Reich of Bennington, showed up with a boxer dog on a leash. Miss Mon-

THE SEDALIA DEMOCRAT—Sedalia, Mo., Tuesday, Sept. 6, 1955 5

tana, Berta Huebl of Missoula, a blue-eyed blonde who tips the scales at 97 pounds, was concerned about her weight. And Miss Oklahoma, Ann Campbell of Oklahoma City, wanted to make certain the pageant orchestra struck up the strains of "Oklahoma!" when she displays furniture she designed in the talent competition.

There are 129 different nations represented among foreign students in the United States.

Hot Barbecue
WACO, Tex. (AP)—The barbecue at Henry Pittie's place was really hot the other day. Fire got out of hand and burned it up.

Animation Vs. Stagnation

Important projects of interest to all the citizens are receiving attention by city council and various committees. Among those up for council action are the new zoning code and a plan for major streets which the Citizens' Planning Committee has prepared in cooperation with Hare & Hare, city planners.

When finally placed in effect the projects will not please everyone. Likely no improvement program ever will be faultless but this does not signify the community should stand still awaiting flawless arrangements keyed to universal happiness.

There is such a thing as stagnation setting in when community minorities discourage change because of peccadilloes or over emphasizing personal privileges, which conflict with the public interest.

A free and open discussion of planned public improvements would seem to deter calamity howlers who purvey rumors that Diogenes had left town because he couldn't find an honest man working for the public good. That, of course, is nonsense spiced with political jealousy.

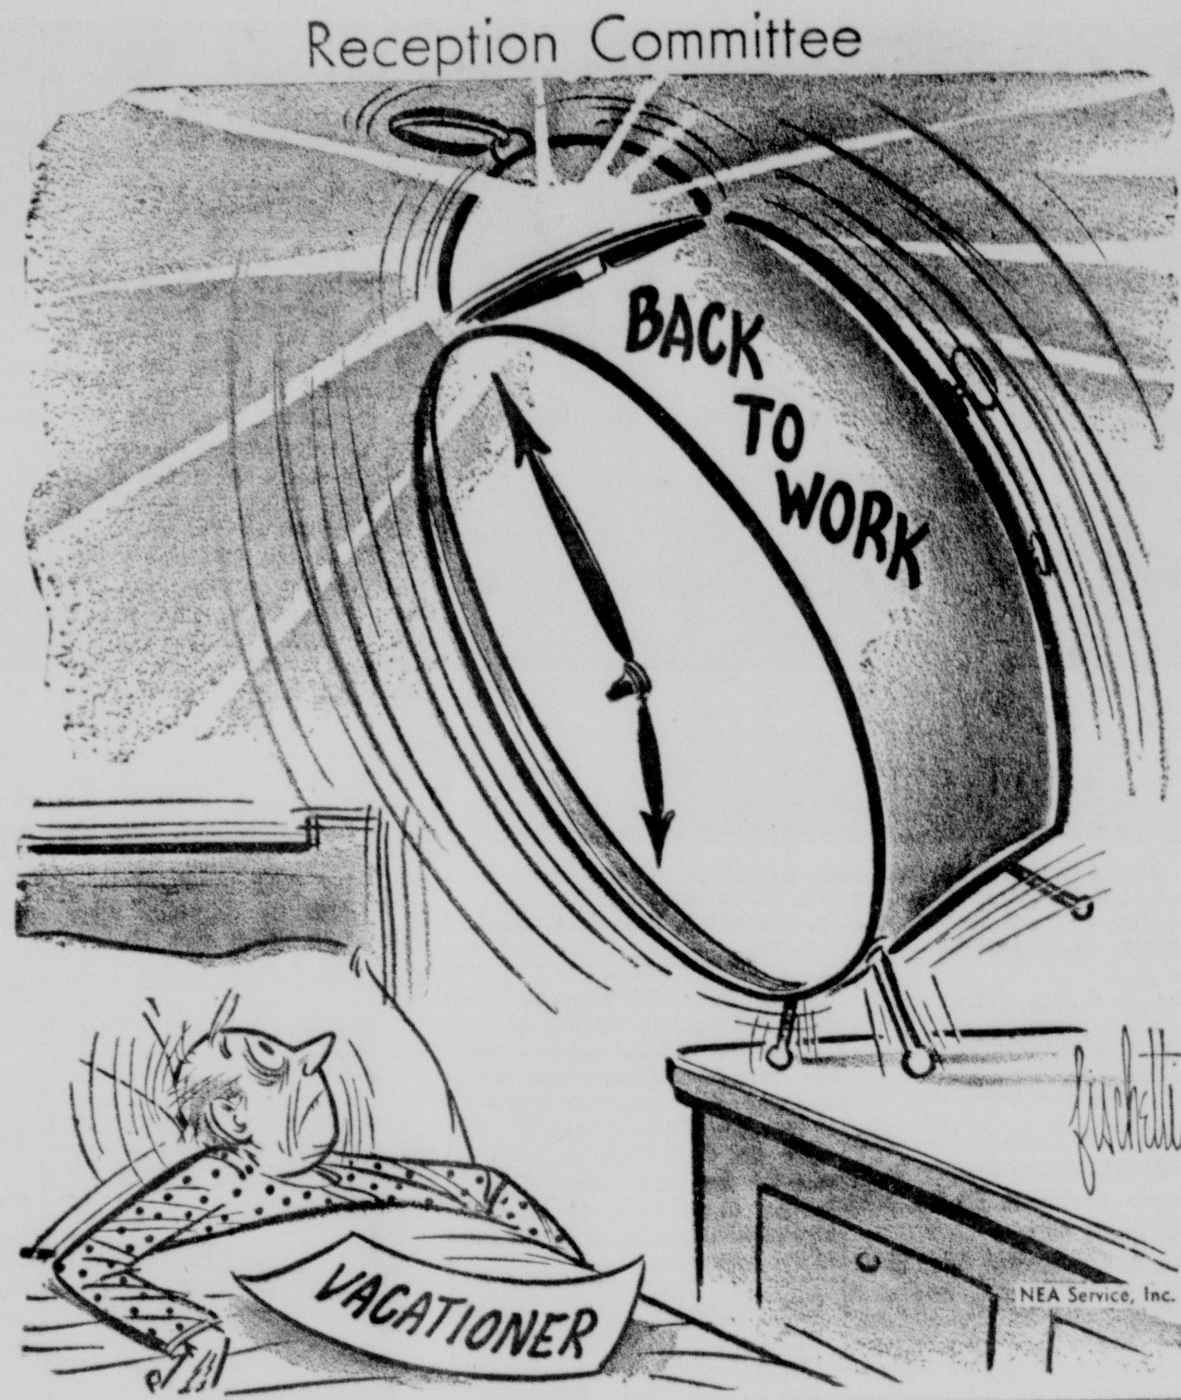

Just how far Sedalia will proceed with a great number of improvements depends on desire and the ability to pay. It is refreshing, however, to know that programs of improvement are being devised and submitted for public discussion. At least there is some animation

down at city hall, some genuine indication of action instead of stagnation.

Suggestions concerning public improvements do not mean they are all going to come at once, but they should be placed in the discussion stage so that definite plans may be formulated. Then when the opportunity comes planned programs will be available immediately for action. Sedalia missed the boat several times in the past because the community was unprepared.

The time is coming when Sedalia will have to build a new city hall. Parks and playgrounds must be expanded; hence the community needs something like a recreational fund and a forestry fund to provide care of the city's trees both supported by a nominal levy. New fire stations are necessary for adequate protection of a growing city. Then there is annexation of east and west districts to be considered as our regular boundaries bulge. Off-street parking is another project.

An attempt will be made to discuss all of these programs at a public meeting in City Hall Wednesday night with the Citizens' Planning Committee. It's a big order but one that must get started and one that should receive adult consideration and respectful attention, even if a dozen public meetings are required.

The World Today--

Ike Could Stop a Lot of GOP Yakkity-Yak

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—President Eisenhower would deprive Republican politicians a lot of yakkity-yak if he suddenly announced he'll run again in 1956.

They've been talking, guessing, predicting, hoping for the better part of 1953 that he'll be a candidate. The end is not in sight. No wonder. Eisenhower is not only their best bet to win. He may be their only one.

Vice President Nixon himself indicated as much last March. With the 1954 Republican congressional defeat then still fresh in mind, he declared:

"The Republican party today is not strong enough to elect a president. We have to have a candidate strong enough to elect the Republican party. That is why we won in 1952."

Sen. Kerr of Oklahoma, one of the Democratic party's wits, after listening to the Republican clamor for Eisenhower, said: The Democrats are not nearly so afraid

Eisenhower will run again as Republicans are he won't.

Republicans don't have to visit Eisenhower and examine the presidential tea leaves to have an opinion for the press. Near and far they seem to keep a wet finger aloft to tell which way the White House breeze blows.

So far what they've said sounded like music in their own ears since Eisenhower has stated he wouldn't make up his mind until 1956 and then only after considering the condition of the world and his own health.

Nixon, whose hope of retaining the vice presidency may depend on an Eisenhower victory next year, is the latest to come away from the President with opinions but not much solid information.

After visiting Eisenhower in Denver yesterday and telling reporters he had not discussed politics with the President, Nixon said:

"Among people who know the President — and want him to run — they are more optimistic than at

any time since he was inaugurated that he will run again."

Eisenhower, like other presidents before him, has some sound political reasons for keeping both parties guessing about his intentions. He'd lose a lot of his influence on Republicans in Congress if he said now he would not run again.

And if he said this early he would run, the Democrats no doubt would spend between now and election time trying to whittle him down to frying size. Meanwhile, he needs all the influence and good will he can get to run the government.

Here is a bird's-eye look at Republicans in the past couple of months on the subject of a second term for Eisenhower:

Nebraska Republicans have sent him a petition to run; so did 34 House Republicans; Minnesota Republicans are getting up one; Louisiana Republicans are too.

Sen. Goldwater (R-Ariz.) says he is convinced Eisenhower will run; Sen. Bender (R-Ohio) urged him to; Senators Capehart (R-Ind.) and Case (R-N.J.) say he is certain to; Postmaster General Summerfield says he believes Eisenhower will.

HARRISONBURG, Va. (AP) — Charles W. Tribby just took his fire to the fire department.

Tribby was driving the city's mosquito control truck in a nightly battle against the pests when the engine blazed up.

Now you know.

The answers to everyday insurance problems" by "THE VANS"

QUESTION: Is it true that an employer can be held liable for damage resulting from an employee driving his own car in the employer's business even if the employer doesn't know about it?

ANSWER: Yes—and even if the employer has expressly forbidden it. The best bet for the employer is to make certain he has adequate limits on Non-Ownership Liability Insurance. The premium is small but the coverage is vitally important. "If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind."

As Sedalia Sees It—

Trend Toward Self-Help In Preparing Income Returns

By Esther Van Wagoner Tufty
Democrat-Capital
Washington Correspondent

WASHINGTON — Don't be surprised if your local Internal Revenue Office refuses to make out your income tax return personally for you come the next income tax-paying time. "The trend is in that direction," the U.S. Internal Revenue Bureau admits.

Last Spring, a greatly increased number of taxpayers were bewildered by the new complicated forms and asked the Internal Revenue officials to make out their tax returns. That resulted in Commissioner T. Coleman Andrews testifying before a House appropriations sub-committee that the added help required to give such service meant a revenue loss.

A spokesman for the Internal Revenue Bureau says that "as yet

there is no change as to filling out returns for taxpayers making such a request, but the emphasis has been put on self-help."

Some cities, such as Seattle, administered "self help" last Spring by seating taxpayers in a big room where one Revenue Official could answer "specific questions," and the taxpayer then made out his own return. This made each person "know more about it."

The annual "Advice to the Field Offices" has not yet been mailed, and no one will admit that the policy of personal assistance will be abolished at any precise time, but the trend toward self-help is certain to be strengthened.

It is also admitted that while taxpayers making less than \$5000 a year have been helped by the simplified 1040A form, many people earning more have had to struggle thru such complicated instructions that a tax expert had to be hired.

Some Democratic Congressmen see in the trend toward less direct assistance "evidence that the Republicans are trying to throw more business to lawyers."

Looking Backward...

TWENTY-FIVE YEARS AGO

The Sedalia Athletics defeated the Missouri-Pacific Boosters taking the first of a series of three games for the city baseball championship by a score of 9 to 8.

—1930—
Wilbur Glaze was elected Seniors' president of the student council in Smith-Cotton High School for the first semester of the 1930-31 term.

—1930—
Paul Barnett, former Sedalian, commissioner of the Kansas City Court of Appeals, resigned to associate himself with a leading law firm there.

—1930—
L. W. Hoover, who arrived a few months ago to take management of Flower Dry Goods Store, was joined by his wife and daughter, Molly Ann, who had been at Lincoln, Neb. They were to reside at 614 West Broadway.

—1930—
C. H. Bothwell, Sr., who spent the greater part of the summer at Maywood Hospital, returned to his home at Holden previous to sale of that property to Sisters of Charity of the Incarnate Word.

—1915—
Mr. and Mrs. A. A. Ferguson, 407 South Park, returned from a visit to Colorado Springs, Denver and various other points in the Rocky Mountains region.

—1915—
The Rev. William Quinn, New York City, arrived to visit relatives and friends and was to deliver the sermon at mass at Sacred Heart Church Sunday.

—1915—
A special train of seven coaches was run Friday to Mobley carrying baseball fans and others picked up at various points to that place to witness a ball game.

Odds and Ends
By News Staff

"WHAT'S THE matter?" someone asked a young girl as she stood in the office where she works one afternoon in deep thought.

"I forgot something this morning," she replied, "and now I have forgotten what I forgot."—H.L.

A YOUNG GIRL in a pair of very brief white shorts and an equally brief white blouse stood on the corner of Fifth and Ohio one evening recently and waited for the light to change.

"That girl," said a woman in her early nineties, as she leaned on her cane and looked at the girl, "forgot to put her clothes on."—H.L.

"DO YOU have a little baby brother?" someone asked a four-year-old girl.

"No," she replied, "but I have an awful good dog." — H. L.

Washington Merry-Go-Round--

Efficiency Expert Can Tell Off Boss

(EDITOR'S NOTE — While Drew Pearson is on a brief vacation his column is being written by members of his staff.)

By Tom McNamara

WASHINGTON — Does your sentographer powder her nose too often on the job? Garble her shorthand? Is your office upset by frequent quarrels? Don't get excited and start firing people. The chances are you do not need a new sentographer, but a new "methodology."

Methodology is government gobbledegook for human relations between the boss and his help. Take it from Frank A. Petrie, dean of the government's efficiency experts, this is all-important if you want peak production from your personnel.

A man may be an expert in aeronautics or some other field, but a bust when it comes to passing on his know-how to assistants. As a result his office gets bogged down with indecision and employee dissension. That's where methodology comes in.

That's also where Petrie comes in. For 30 years he has been trouble-shooting efficiency problems in and out of the government, presently as chief of the training division of the civil aeronautics administration. Doing a good job, too.

Petrie's system is twofold: (1) Better understanding between supervisory officials and those under them, and (2) getting the latter to like their jobs. His work at CAA has been so successful that other federal agencies have copied his technique. Fifty colleges and universities use his ideas as standard reference in their business administration courses.

Must Like Job

"Barring absolute dupes, every employee is efficient if he really likes his job," says Petrie, a dynamic 64-year-old man who looks much younger. "If he doesn't, it's frequently because he can't get along with his boss. All too often the boss is at fault because he doesn't know how to manage others, to make them more efficient and happier in their jobs."

"In such cases I give the boss—a division head — a new technique to better instruct those under him and keep everybody happy. Sometimes the employee is at fault. He is sore because his wife burned the toast. He had to walk the floor all night with the baby."

"Or let's say he has a hangover. Or the finance company is dunning him for payments on his car. We have to handle this side of it, too."

Guest Editorial--

MEMPHIS (Tenn.) COMMERCIAL APPEAL: The Right To Not Work. A preacher we know has to leave the city during his summer vacation to escape the phone calls from the parishioners who won't recognize his right to occasional freedom from his work. Most doctors we've seen do the same thing, or at least leave work with telephone services that they cannot be reached.

Few of us have that problem. When vacation comes, we put business cares behind us, whether we're home pruning the hedges and encouraging our lawns, or off to investigate some corner of the world we've never seen.

For the small segment of people whose service is to mankind, we owe the respect we get on our own vacations.

And that goes for our President, who spent a weekend in the privacy of his Gettysburg, Pa., home. It should be noted that he took action on more than 200 last-minute bills which were dropped in his lap as Congress voted itself into adjournment and headed for its own vacation.

Mr. Eisenhower may spend a good part of his upcoming vacation in Colorado fishing or golfing, but he never comes to the point where he can shut himself off from that urgent phone call from the State Department, or the White House, or GOP headquarters. Just as the Army general he once was, he is always on duty.

How many of us would accept such a task without the provision that sometime during the year we had the right to forget all of our duties, all of our work, and indulge in well-deserved privacy and pleasure?

Efficiency is a 24-hour proposition. As things go at home, so they are apt to go at the office."

Petrie has seen about everything as an efficiency expert for the state of Florida, the Veterans Administration, the Civil Service Commission, now (since 1947) the CAA. He even solved an "eternal triangle" case in a CAA regional office.

Tumulty's Waistline

When 330-pound Rep. Joseph Tumulty of New Jersey received a "calorie" towel from a constituent, showing him how to reduce, Tumulty threw up his hands and exclaimed: "The only thing that will help me is vanishing cream."

... Rep. Augustine B. "Gus" Kelley is the champion dad of Congress, with nine children, but Rep. Charles Boyle of Illinois runs a close second. Boyle has eight.

Landy Case vs. GI's

Midshipman Landy has been denied an officer's commission because, according to Navy officials, he associated closely with his mother who at one time was a Communist. He has excited so much publicity that it is easy to forget that the Landy case is only one of many other less spectacular "security" cases.

In the Landy case, as in other highly publicized security cases of the recent past, it seems likely justice will eventually be satisfied. But what about other individuals in less glamorous or clear-cut circumstances, caught up in the same web of security procedures?

Hapless GIs drafted into the armed forces can be also mistreated, and held guilty of the sins of their confused or misled parents, under existing government security procedures. Once in the service, security officers are legally permitted to check into the GI's teen-age past. If suspected "associations" turn up, the GI eventually receives a less-than-honorable discharge. Neither military law nor non-military government procedures require that the GI himself be allowed to dispute the security officer's report, or to cross-examine witnesses who have allegedly provided the security officer with the evidence against him.

Such wide latitude administratively delegated to security officials gives to a power-hungry bureaucracy (all brass hats and hungry for power) an unjust, unwise and thoroughly undemocratic control over not only individuals like Midshipman Landy, who willingly seek what is legally the "privilege" of government service, but also over an ordinary GI teenager who seeks only to grow up and live an unblemished life free of government interference. With a less-than-honorable discharge from the service, however, the ex-GI may even be unable to find decent employment.

This same kind of nightmare — of having one's life and reputation ruined by unknown accusers and uncontested bureaucrats acting as both judge and jury — can happen just as easily to a clerk-typist in Washington, an engineer working for a government project, or a sales-girl in any Army base commissary store. No wonder various government agencies today are complaining that they can't recruit needed personnel!

Present "security" procedures — promulgated not by Congress but by the Executive Department of government — should be substantially revised for the good of the country and the protection of its citizens.

The importance of archery is attested by such family names as Archer, Arrowsmith, Bowman, Bornecker, Boyer, Butts, Fletcher, Stringer and Yeoman, according to the Encyclopedia Britannica.

Thought for Today

Therefore will I cause you to go into captivity beyond Damascus, saith the Lord, whose name is The God of hosts.—Amos 5:27.

God is incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love.—Mary Baker Eddy.

Ireland Is the First Stop--
Former Fortuna Resident Describes Recent
Sight-seeing Excursion Throughout Europe

(Ed. Note: Miss Althea Moser, daughter of Mr. and Mrs. orin D. Moser, of near Fortuna, recently visited her parents and told of her trip to Europe from mid-April to May 24 of this year. She was asked to write a resume of her trip for The Democrat-Capital and the following, in two parts, is her story. The second part will appear tomorrow.)

It was about two hours before sunup when the Northwest Airlines plane left Seattle-Tacoma Airport. There were stops at Minneapolis and Detroit, with arrival in New York late in the afternoon.

The next morning in New York I met my travel companion, Alicia Winn of Washington, D.C. All preliminaries taken care of, we boarded the big TWA Superconstellation at Idlewild (International) Airport just before noon. Additional passengers came aboard at Boston. Tingles of excitement accompanied the take off from Boston, for this was our last port in the United States.

The next stop was Gander, Newfoundland, for refueling, in the middle of the night. This was a cold, cheerless place.

Shortly afterward from 20,000 feet above the ocean, we saw the sun appear on the horizon and send its color all over the wide expanse of sky in a most spectacular way. Although it was not yet 2 a.m. New York time, TWA had anticipated that daylight would bring an appeal for coffee. They responded with quantities of it as passengers roused, blinking sleepy eyes. As we later learned, we were to encounter many a concoction served in the name of coffee before getting another cup of the American variety.

It was a glorious spring morning as we came in over the Emerald Isle and landed at Shannon Airport. We enjoyed a fine breakfast, and then looked over the bargains in merchandise which we were to purchase at this free port on our return trip.

From Shannon, it was less than two hours to London. My brother, Ivan, an American Air Force Lieutenant stationed in London, was at the airport to meet us in his Austin sedan. During the next few days we were at home in his flat (apartment to us) in a section of the city, called Harrow on the Hill. Our first exploratory trip of downtown London was in the car, but after that we rode the tube (subway).

One becomes accustomed to driving on the left side of the road in England, but as pedestrians, we were jumping lively until we learned to look first to the right instead of the left before stepping off the curb.

Sightseeing in London included the Tower of London, Westminster Abbey, Kew Gardens, Madame Tussad's Wax Works, the changing of the Guard at Buckingham Palace, the House of Commons in session, a soapbox orator in Hyde Park, and many famous squares, circuses, and streets such as Trafalgar, Piccadilly, and Bond.

At Her Majesty's Theater on Haymarket Street, we saw "Tea-house of the August Moon" and enjoyed the English custom of having coffee and sweets served to us in our seats between acts. Individual trays were relayed in from the end of the row.

What a beautiful drive it was up along the Thames River to Windsor Castle. How pretty in spring are the flowers, the green fields, and the neatly trimmed hedges. A side trip took us to Stoke Poges Church Yard, made famous by Sir Thomas Gray, author of "Elegy in a Country Church Yard."

Oxford, some 30 miles from London, is a delightful place to visit. We expected canals in Venice, but were surprised to find them in Oxford. Our best pictures of the college buildings were shot from a canoe. The students enjoy relaxing in flat bottom boats called punts, which they pole along the canals.

We had arrived in London on a Saturday. The following Friday

morning early, the three of us packed our belongings into the car and started off on our way to Paris.

At Lydd near the English coast, the car was driven onto an airplane. We climbed into the passenger seats, and in less time than it takes to fasten and unfasten a seat belt, we were on the French coast at a place called LeTouquet. A road sign reminded us that here on the continent traffic keeps to the right.

Our route took us through Roen, France, where Joan of Arc was burned at the stake. Then across a beautiful rolling section of Normandy, arriving in Paris just at dusk. The sky was a rosy pink. Oh, the thrill of Paris! We came right down the Champs Elysses, circled the Arc de Triump, and found our hotel, The Royal Monceau, a few blocks away on Avenue Hoch.

Paris! Beautiful, gay Paris! Three days sped by like nothing. We spent our days sightseeing, shopping and eating, and our nights at the Opera, the Moulin Rouge, and the Folies Berger. We saw as many tourist attractions as time permitted. The Eiffel Tower, of course, and the Louvre, and a boat trip on the Seine. We took in one famous restaurant—L'Es-cargot. The word means snails, and this is where I ate my first. Delicious!

I have never enjoyed such eating pleasure as we experienced in Paris, as well as everywhere else in France. Even in the most modest restaurant the food—every morsel—was superb. It is said that French chefs take their work so seriously that nervous breakdowns are a frequent and customary occupational hazard.

Just outside Paris we visited the remarkably large and beautiful Palace of Versailles, in one end of the elaborate mirrored ball room is the now historic table on which Woodrow Wilson and the others signed the Treaty of Versailles.

From Paris to the Riviera, our route took us through Lyon, famous for silk, and Grenoble, a taking-off place in the French Maritime Alps for mountain climbers and ski enthusiasts.

In Grasse, France, near the coast, we had a fragrant tour of Parfumerie Fragonard, and purchased bottles of essence (perfume) at prices much below those in Paris. The flower harvest around Grasse lasts nearly the whole year round. It begins in February with the violet, which lasts till April. May and June are the months of roses and orange flowers. Then comes jasmine in July and until October, and the tuberose in August and September. A thousand pounds of blossoms go into the distillery for each pint of essence extracted.

It was in this kind of flowery surroundings where the climate is

so mild "that lemons, the most delicate of citrus, are favored by it, and its oranges are of notable quality" that we found our villa. It was built on a terrace in an entrancing garden, just outside the ramparts of the ancient hilltop town of Saint-Paul-de Vence. In this place of pure delight, we tarried for three days. Our breakfasts were served on a sun-drenched terrace, with a far view of the blue Mediterranean. We had wondered if we could afford such fabulous surroundings, but a daily fee, including breakfast and dinner, was only 6000 francs, or about \$6 each.

St. Paul was a good center for excursions to the azure coast. We swam at Cannes, mingled with the pleasure-seekers in Nice, and toured the gaming rooms of the Casino in Monte Carlo. All these places are located on the Route de la Corniche or Grande Corniche along the sapphire sea.

From here to Rome, we hugged the coast, through Genoa, Rapallo and Pisa. We stopped at Pisa to visit the leaning tower, and also at the U.S. Air Force base near there to buy gasoline coupons. Through the military, gasoline was purchased at 14 cents a gallon, which on the regular market was up to \$1 per gallon. Although the Austin gets 30 miles to the gallon, gas at par for the 3500 mile trip would have been considerable.

Roads are well maintained, but except for the autobahns (express highways) they are rather narrow and of uneven surface from being hand-patched these many centuries.

(Tomorrow: Magnificent Rome)

Episcopal Convention
Has Wide Variety
Of Proposals

HONOLULU (AP)—Proposals covering everything from buying an atomic reactor to using TV for missionary work in the United States went before the 58th General Convention of the Protestant Episcopal Church today.

A proposed program for the next three years was put to the convention by the church's top administrative body, the National Council. The council expressed its view in a booklet and in talks by top officials before the joint session of the House of Bishops, House of Deputies and Women's Auxiliary.

In its key proposal, the council gives the bishops and delegates a choice of three budgets, depending on how much they feel can be raised for more missionary work and church education and promotion.

The proposed budgets call for spending either six, seven or eight million dollars a year. The budget for each of the past three years was 5.8 million.

PUBLIC SALE

As the house has been sold, I will sell the following at public auction

at 407 EAST 13th STREET, SEDALIA, on

WEDNESDAY, SEPTEMBER 7—1:30 P.M.

- | | |

Oppose Nehru's
Request to Stop
Peace Marches

NEW DELHI, India (AP)—An appeal by Prime Minister Nehru and his Congress party to halt Indian "peaceful marches" into Portuguese India has brought sharp response from opposition members of Parliament.

Ten members — Communists, Socialists and members of the right-wing Hindu Communal parties — in a statement yesterday termed the Congress request sabotage of the Goan freedom movement and said they "cannot accept such one-sided decisions."

Opposition parties have scheduled a mass march on the three small Portuguese territories on India's west coast for Oct. 2, birthday of the late Mohandas K. Gandhi, who introduced nonviolent demonstrations into India.

Previously the government had neither approved nor disapproved officially the marches, begun more than a year ago in support of Nehru's repeated demands for transfer of the territories to India.

In the most recent march, Portuguese border guards killed at least 22 Indians and wounded 225 others Aug. 15.

Although ancient ice sheets did not reach as far south as Washington D.C., floods from melting of the ice did much to form the terrain around the city.

'Wait and See'
Says Capt. Townsend
About Margaret

LONDON (AP)—"Wait and see" was the cryptic reply from Group Capt. Peter Townsend last night to questions about himself and Princess Margaret.

The 40-year-old Royal Air Force flier was the center of attention at a cocktail party at the Belgian Embassy because of long-standing reports linking him romantically with the 25-year-old sister of Queen Elizabeth II.

Townsend returned to Britain yesterday for the first time since last September. He flew here from Brussels, where he is British air attache, to attend today's opening of the annual Farnborough Air Show. He is to go back to Brussels Thursday, but will fly to London again Sept. 12 to attend the annual air attaches' conference.

At the cocktail party, he was asked by reporters:

"Do you expect any startling developments during your visit?"
"I hope to have a quiet three days in England," said Townsend.
"I do not think there will be any startling developments as far as I am concerned."
Princess Margaret is vacationing at Balmoral Castle in Scotland

FUL-O-PEP PIG STARTER PELLETS ARE SUGAR FILLED!

They're sugar-sweet and **EXTRA NUTRITIOUS!**

Just like sugar candy, Ful-O-Pep Pig Starter Pellets taste fine and dandy to your baby pigs! Little porkers begin nibbling at 'em within seven days . . . soon they're making pigs of themselves 'til their little sides pop out. And though they'd never suspect it, they're getting a big charge of essential nutrients in each delicious, sugary morsel!

The heart of Ful-O-Pep is **TASTY ROLLED OATS**

Rolled oats give baby pigs more energy, more growth power, than any other cereal grain . . . so naturally, Ful-O-Pep Pig Starter Pellets are built around rolled oats. What's more, there's Growth Vitamin B₁₂, Antibiotic feed supplement, Concentrated Spring Range*—plus vital proteins and minerals—in each little sugar-filled package! And all these valuable ingredients pack a real pig-sized wallop . . . make corks out of porkers in a hurry.

Anita Young Wins First Spot In Women's Bowmen Class

Edna Butcher Also Places Third In Women's Archer Division

The Osage Bowmen returned Monday from Joplin where they attended the Ninth Annual State Archery Tournament. Out of the local entrants in the tournament Mrs. Anita Young, 1316 East Ninth, won first place in the Women's Bowmen class with a total score of 588. Edna Butcher, Sedalia, took third place in the Women's Archer class with 260 points and several other archers from surrounding communities took state titles.

The tournament was held over September 3, 4 and 5 and the total scores were based on a two day total from the hunter, field and broad head rounds.

The winners in the various classes with the three rounds listed in order followed by their totals are:

Men's Expert:

First, Lon Stanton, Lake Ozark, 383-428-415-1226; second, Walter Crutchfield, Joplin, 366-361-405-1132 and Bob Brandt, St. Louis, 339-354-379-1068.

Men's Bowmen:

First, Melvin Dale, Kansas City, 296-272-345-913; second, Jim Williams, Joplin, 274-276-345-895; and third, John Brownlee, Kansas City, 216-253-335-804.

Men's Archer:

First, Charles Emerson, Clinton, 205-261-320-1226; second, Jim Bilbruck, Calhoun, 233-196-295-724 and third, Richard Townsend, Joplin, 161-217-295-473.

Women's Expert:

First, Nina Henderson, Clinton, 207-227-280-714; second, Pauline Reed, St. Louis, defending champion, 184-196-240-620; and third, Erin Jeffery, St. Charles, 135-210-255-600.

Women's Bowmen:

First, Anita Young, Sedalia, 171-152-265-588; second, Annabelle Watkins, Cape Girardeau, 162-157-185-504; and third, Lois Moeller, St. Louis, 145-199-145-489.

Women's Archer:

First, Hettie Burke, Springfield, 367-337-380-1084; second, Emory Hodgson, Kansas City, 83-103-145-331; and third Edna Butcher, Sedalia, 105-90-75-260.

Boy's Intermediate (12-16 years): First, Tom Brown, St. Louis, 251-205-330-788; second, Bob Kitch, Kansas, 217-230-330-777 and third, Steve La Salle, Joplin, 220-239-310-769.

Junior Boys (6-12 years): The contestants under this division were playing on a shorter range of 30 yards built especially for their class.

First, Frankie Emerson, Clinton, 367-337-380-1084; second, Gary Wilson, Springfield, 331-326-290-947; and third, Don Marvin, Joplin, 316-293-320-927.

Junior Girls (6-12 years): First, Stordia Fletes, St. Louis, 236-262-290-788; second, Carla Martin, Joplin, 226-229-260-725; and third, Helene Curtis, Joplin, 111-108-135-354.

After the completion of tournament shooting the contestants attended a large banquet, where the

officers for the coming year of the Missouri-Bow-Hunters were elected.

Lon Stanton was elected as the vice-president and the remainder of the officers were re-elected for the coming year.

The next meeting of the Osage Bowmen will be the third Tuesday of September.

The local club championship shoot will be held September 25 at the archery range starting around 9 a.m.

The public is urged to attend this shoot and take a try at archery. There will be instructors available at the range to show those with no experience how to hold the bow and arrow and make the most of their shooting.

Boeing Corp. Baseball Club Wins NBC Pile

\$10,000 1st Money To Kansas Team; Holden Near Top

WICHITA, Kan. (AP)—The Wichita Boeing Bombers coasted to their third National Nonprofessional Baseball Tournament championship last night by beating the Sinton, Tex., Oilers 9-3.

The winners pocketed \$10,000 in prize money.

Daryl Spencer, onetime New York Giants shortstop, got three of Wichita's 12 hits—a homer, a triple and a double. He was named the tournament's most valuable player.

The double-elimination tournament began Aug. 19 with a 32-team field. Wichita won the title last year and in 1942. Sinton also is a former titleholder, having won the 1951 tournament.

In a game for third place, the North Platte, Neb., Plainsmen edged the St. Joseph, Mich., Auscos 3-2. A double by centerfielder Jay Callaghan drove in the winning run in the last of the ninth.

The top ten teams are in the prize money. The other seven leading teams in order of their finish were: St. Joseph, Mich.; Peoria, Ill.; Caterpillars; Huntsville, Ala.; Packers; Midland, Pa.; U. S. Steel Workers Union 1212; Holden, Mo.; Middletown, Ind.; and Dennis, Mass.

Miss Freddie Blanks Speaks at Ceremony

Miss Freddie Blanks, of 230 South Gentry, was one of the speakers featured in ground-breaking ceremonies Thursday afternoon for the new Alpha Omicron Pi sorority house at the University of Kansas. Miss Blanks, formerly of Salina, Kan., is a K. U. senior and president of the active chapter.

Construction contracts on the \$190,000 structure will be let soon, to have the house ready by next fall.

HIGH AND MIGHTY

Snead Cops Berth On Ryder Cup Team; Wins Open

WETHERSFIELD, Conn. (AP)—Sammy Snead let the "other fellows make the mistakes" and today he had his berth on the U. S. Ryder Cup team plus \$4,000 he hadn't counted on.

Sam won the \$20,000 Insurance City Open Golf Tournament yesterday with a 15-under par 269 for 72 holes.

Sam, who had 400 Ryder Cup points and was among the leaders for team berths, came here to protect his standing. If any one of the three other golfers—Jack Burke, Marty Furgol or Chandler Harper—had won the tournament or had placed second or third, Snead was in danger.

The victory gave Snead 70 big points and so for the fifth straight time, he makes the team which plays Great Britain.

Burke tied for fifth with Gene Littler at 280. Furgol managed a tie with Tommy Bolt and Bill Markham of Royal Oak, Mich., with a 283. Harper shot a 285.

Snead ended seven strokes up on runners-up Mike Souchak, and Fred Hawkins who had 276s. Sam Kellehring, Toronto, Ont., was only four strokes behind Snead at the end of the third round, wound up in a tie for fourth with Julius Borotos with 278.

Senator Would Drop The 'Voice of America'

MOSCOW (AP)—Sen. George W. Malone (R-Nev.), after five days in Moscow, thinks the U. S. government should get rid of its Voice of America radio because it hasn't whipped the Soviet people up to the point of a revolution.

And he thinks U. S. military spending should be cut back because he finds "no evidence the Soviet Union is prepared for war."

Malone, who arrived here last Wednesday, told newsmen yesterday: "I saw no evidence the Soviet people will rise against their government. Consequently, we should retrench expenses like the Voice of America."

Score Is Due to Break Rookie Strike-out Total

CLEVELAND (AP)—Herb Score, the Cleveland Indians' young southpaw, is practically a cinch to get eight more strikeouts in his first major league season and break a 44-year-old record.

The 22-year-old pitcher, up from Indianapolis in the American Association, fanned 11 yesterday to move his league-leading total to 220. The record for strikeouts by a rookie pitcher is 227, set by Grover Cleveland Alexander in 1911.

Bob Feller holds the modern record for all pitchers with 348 strikeouts in 1946, but Feller fanned only 76 in 1936, his first year with Cleveland.

Score's 9-2 victory over Kansas City yesterday was his 15th against 10 losses.

Seixas Makes Tennis Second To His Future

Plumbing Business May Take His Time Although Distasteful

FOREST HILLS, N.Y. (AP)—Vic Seixas, at 32 the greybeard of American tennis, admitted today that he'd like to stay on the tournament trail forever, "but since I've got to think of my future I'm afraid tennis is going to be secondary with me."

The defending national champion—and, as usual, the forgotten man among the big names—discounted reports that he would retire to a plush job with his father's Philadelphia plumbing business and revealed that he'd like to try his hand at television.

"I definitely don't want to go in the plumbing business," he said. "I'm just not that interested. I'd like to enter television, first perhaps on the sports side, then maybe as a master of ceremonies."

"I've had some feelers, but I don't even know yet if I could do the job. One thing is certain—in television you find out right off if you can handle the job."

Seixas entered the round of 16 in the Nationals yesterday via an effortless 6-2, 6-3, 6-1 victory over Cliff Mayne of Lafayette, Calif.

Herbie Falm of Beverly Hills, Calif., seeded No. 8, had a close squeak, though he fought off four match points to beat Tom Brown of San Francisco 6-3, 3-6, 5-7, 11-9, 9-7.

Top seeded Tony Trabert easily whipped J. Allen Morris Jr. of Clinton, S.C., 6-4, 6-4, 6-1. Hamilton Richardson, No. 3, rode over Tim Coss of Washington 6-3, 6-2, 6-2.

Young Lightweight Wins Bruising Bout

NEW YORK (AP)—Bobby Courchesne, a young lightweight prospect from Holyoke, Mass., was in line for two lucrative bouts today following his victory over Tony Puelo.

The 21-year-old New Englander stopped the strong, 23-year-old Brooklynite in 1:29 of the ninth round of a telecast 10-rounder at St. Nicholas Arena last night.

Referee Harry Ebbets halted the bruising battle when Puelo gushed blood from a bad cut on the back of his head and another gash over the left eye. Puelo needed 14 stitches.

The win in the action-packed fray stretched Bobby's unbeaten streak to 15 and put him in line for October bouts against Bobby Bell at St. Nick's, and Red Top Davis at Montreal.

The crewcut kid was outweighed 134 to 131.

Springfield Again Wins State Softball Tourney

SPRINGFIELD, Mo., (AP)—The Springfield News and Leader team won the men's state softball championship last night by beating St. Joseph Goetz 5-1 in the finals.

Springfield went through the four-day tournament undefeated, beating the Goetz team 7-2 in the winners' bracket to reach the finals. Goetz then became a finalist by defeating Springfield Taste-marks 5-3.

It is the 9th time in the last 10 years that a Springfield team has held the title. About 14,000 persons watched the finals.

Kansas City Harnesses Top Teams During Their Hard Pennant Races

Athletics Split Doubleheader With Leading Indians Sunday

By THE ASSOCIATED PRESS

Hector Lopez, a shy little man from Panama who originally cost the Kansas City Athletics only \$750 has been one of the leaders in Kansas City's constant harassment for the American League's "big four."

Lopez batted in the winning run with a sacrifice fly in the ninth as the A's jolted the first-place Indians, 5-4, yesterday at Cleveland. The Tribe gained a split in the second game, 9-2, but Lopez ruined a shutout for Herb Score by smacking a two-run homer, his 13th of the season, in the ninth.

Enos Slaughter and Lopez batted in two runs each in the opener as Art Ditmar won his 10th game, limiting the Indians to six hits. The A's banged nine hits off Bobby Feller, knocking him out in the fifth.

Along with his timely hitting Lopez has impressed with his fielding since his shift from second to third base. Manager Lou Boudreau rates him the league's best third baseman. Lopez had 4-for-7 yesterday, pushing his batting average to up around the .290 mark.

The St. Louis Cardinals wasted most of their 15 hits and blew a 2-0 lead in the ninth before edging Cincinnati 3-2 in 10 innings yesterday at St. Louis to gain a split of their 22 games with the Redlegs this year.

Stan (The Man) Musial's four hits saved the staggering Redbirds from their 15th defeat in the past 19 games. He kept them alive in the 10th, his two-out single sending Ken Boyer to third. Rip Repulski then delivered a game-winning single.

Tom Poholsky had a five-hit shutout going into the ninth but tired and was lifted after a walk, single and a 2-ball count on the next batter. Mel Wright came in.

Cincinnati's Ted Kluszewski, the home run leader with 44, ranks third with .317, followed by Snider at .314 and the Dodgers' Carl Furillo at .313.

Al Kaline of Detroit is officially out the season before he officially is proclaimed the American League batting leader. The 20-year-old outfielder is hitting at a .348 clip with Harry Simpson of Kansas City his nearest pursuer at .317. Kaline's average remained the same during the week as he collected seven hits in 21 trips.

Vic Power of the A's holds down third place with a .313 average. One point ahead of Cleveland's Al Smith in fourth at .312. The Yanks' Mickey Mantle, the home run pace setter with 37, is tied for fifth with Detroit's Harvey Kuenn and Baltimore's Dave Philley. Each is hitting .307.

Police said they nabbed the 206-pound man as he struggled out of a Brooklyn home with two suitcases loaded with \$10,000 worth of loot. He was charged with burglary, grand larceny and possession of burglar tools.

The arrest gives him a good chance to get back to his old team, police said.

Third Baseman Ransom Jackson of the Chicago Cubs never played baseball until he tried out for the team at Texas University. That first year he hit .500.

Margaret to Florence

VENICE, Italy (AP)—Margaret Truman, daughter of the former U. S. President, left here today by car for Florence.

She has been attending the current international film festival in this canal city. After Florence, she plans to visit other Italian cities.

Jockey Frank Smith has an added rooster whenever he rides at Monmouth Park. His father works for the track's maintenance department.

with two down and completed a walk to Johnny Temple, loading the bases.

Manager Harry Walker sent in Luis Arroyo, a lefty who once had the Indian sign on the Redlegs, to face Smoky Burgess, a left-handed batter. But that backfired as Burgess lined a two-run single, tying the game.

Musial's two-out triple and Repulski's double scored the first Cardinal run. Stan's single in the fifth, again with two down, scored Boyer with the second run.

Kansas Coach Says This Is Building Year

KANSAS CITY (AP)—Despite the fact Kansas has been picked to finish last in the Big Seven Conference, Coach Chuck Mather says "right now I figure we're in better shape to play somebody than we were at any time last year."

Mather, who is in his second year at K. U., termed this "a building year," and added "if we could have a 3-7 mark we'd have a dandy season."

On the surface this doesn't sound too optimistic but Kansas will go into Fort Worth, Tex., Sept. 17 against Texas Christian with a record of 16 straight defeats. Ten of those setbacks came in 1954, the first all-losing year in the 65-year history of the sport at Kansas.

Mather has 23 lettermen returning but is expected to rely heavily on sophomores.

Seniors Dick Reich, fullback of Steelton, Pa., and Ralph Moody, halfback of Minneola, Kan., sophomore end James Letcavits of Massillon, Ohio, and center Frank Black, a 235 pound junior from Lawrence, Kan., appear to be the top prospects.

Mather is still searching for a quarterback. Wally Strauch of Elmhurst, Ill., is rated the top hand but he lacks experience.

Kansas held intense drills on offense and defense yesterday.

Other Big Seven schools also ignored the holiday.

The Tigers worked on pass defense while Coach Don Faurot continued to shift his lineup.

K-State concentrated on fundamentals while Oklahoma went through two scrimmage sessions and heard a lecture on rules changes. Iowa State drilled on kickoff and punt returns and point after touchdown.

Police said they nabbed the 206-pound man as he struggled out of a Brooklyn home with two suitcases loaded with \$10,000 worth of loot. He was charged with burglary, grand larceny and possession of burglar tools.

The arrest gives him a good chance to get back to his old team, police said.

with two down and completed a walk to Johnny Temple, loading the bases.

Manager Harry Walker sent in Luis Arroyo, a lefty who once had the Indian sign on the Redlegs, to face Smoky Burgess, a left-handed batter. But that backfired as Burgess lined a two-run single, tying the game.

Musial's two-out triple and Repulski's double scored the first Cardinal run. Stan's single in the fifth, again with two down, scored Boyer with the second run.

Kansas Coach Says This Is Building Year

KANSAS CITY (AP)—Despite the fact Kansas has been picked to finish last in the Big Seven Conference, Coach Chuck Mather says "right now I figure we're in better shape to play somebody than we were at any time last year."

Mather, who is in his second year at K. U., termed this "a building year," and added "if we could have a 3-7 mark we'd have a dandy season."

On the surface this doesn't sound too optimistic but Kansas will go into Fort Worth, Tex., Sept. 17 against Texas Christian with a record of 16 straight defeats. Ten of those setbacks came in 1954, the first all-losing year in the 65-year history of the sport at Kansas.

Mather has 23 lettermen returning but is expected to rely heavily on sophomores.

Seniors Dick Reich, fullback of Steelton, Pa., and Ralph Moody, halfback of Minneola, Kan., sophomore end James Letcavits of Massillon, Ohio, and center Frank Black, a 235 pound junior from Lawrence, Kan., appear to be the top prospects.

Mather is still searching for a quarterback. Wally Strauch of Elmhurst, Ill., is rated the top hand but he lacks experience.

Kansas held intense drills on offense and defense yesterday.

Other Big Seven schools also ignored the holiday.

The Tigers worked on pass defense while Coach Don Faurot continued to shift his lineup.

K-State concentrated on fundamentals while

Two Sultans Are Wooed By the French

RABAT, Morocco (AP)—Two Moroccan Sultans on opposite sides of Africa were the objects of determined French wooing today.

The Sultan France wants to put off the throne she put him on two years ago, Mohammed Ben Moulay Arafat, received the new French resident general, Gen. Pierre Boyer de Latour, for the first time yesterday.

The Sultan France exiled to Madagascar two years ago, Mohammed Ben Youssef, received Gen. Georges Catroux there yesterday.

Catroux, who has held high French posts in North Africa, flew to Madagascar to seek Ben Youssef's approval of Premier Edgar Faure's plan for limited home rule in the turbulent North African protectorate.

The plan calls for replacement of Moulay Arafat by a regency to satisfy the Moroccan nationalists, permission for Ben Youssef to live in France although not to return to the throne, formation of an all-party Moroccan government and negotiations to relax French control.

There was no indication from Madagascar of what progress Catroux was making. The Moroccan nationalists have insisted Ben Youssef must approve Faure's plan before they will agree to it.

There was some indication in Rabat, however, that Moulay Arafat might be coming around to the French view that he must quit. A communiqué issued last night after his meeting with Boyer de Latour said the Sultan had emphasized the "divine nature of his mission" and "dwelt on the obligation he is under to remain on the throne until he is called to God." But it added the monarch showed himself "comprehensive of all the political realities."

The resident general was reported convinced that Moulay Arafat would step down eventually.

The nationalists, meanwhile, had their eyes firmly fixed on Faure's announced aim of getting a settlement by Sept. 12. A group dubbing itself "The Hero of Independence" called a general strike for that date in Casablanca, commercial capital of Morocco and the seat of the strongest nationalist feeling.

Many feared the strike, if it materialized, would turn into another bloody uprising like the one which marked the second anniversary Aug. 20 of the ouster of Ben Youssef.

The chief nationalist parties continued their conferences on the Continent on the French proposals.

Ambassadors Tour Atom Plant

MOSCOW (AP)—Ambassadors of the Western powers, led by Charles E. Bohlen of the United States and Sir William Hayter of Britain, were escorted today on a tour of the Soviet Union's atomic power station near Moscow.

Previously the only outsiders admitted were Communist Chinese and North Korean representatives and Prime Minister Nehru of India. Western news correspondents were not permitted to accompany the envoys today. Some members of the party took their wives along. No photographs were permitted.

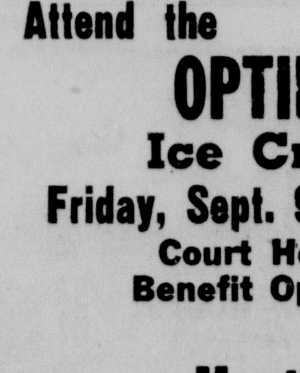

Three-Inch Nail Removed from Head

TOULON, France (AP)—A French surgeon worked three hours yesterday to remove a three-inch nail from the head of a young woman.

The patient, Miss Evelyn Plou, 20, apparently had suffered only burns and scratches in an explosion in a Paris fireworks store where she worked a few weeks ago. But she complained of constant headaches.

An X-ray examination disclosed a nail had entered her skull and was lodged between the brain and the bone. Doctors said it probably entered through the left eye socket without injuring the eye.

The name of the surgeon was not disclosed.

DAILY RECORD

Marriage Licenses

Clarence Saunders Richards, Cleveland, and Dorothy Louise Smiley, 316 West Pettis.

County Court

J. B. Shull, Sedalia, was paid \$30 in bounty for two old wolves. A license to sell liquor by the drink was issued to Rice Industries Incorporated for the Old Missouri Homestead. The license expires Dec. 31, 1955.

Police Reports

A window of the Body Shop of the O'Connor Chevrolet Buick Motor Co., Fourth and Kentucky, was found open by the police at 8 a.m. Monday. Police made an investigation but no evidence of a break-in or robbery was found.

Tom Moser, 424 North Stewart, reported to the police the theft of a Schwinn bicycle stolen from in front of 501 Dal-Whi-Mo Court Sunday afternoon.

A pile of tires at the Howerton Service Station were found unlocked by the police at 12:05 a. m. Tuesday. Officers replaced the chain and locked them up.

Officers in Patrol Car 11 found a billfold belonging to C. J. Kitzmiller, of the Sedalia Air Force Base, on the Garst's Drive - In driveway. Identification and other papers were found in the billfold.

Police Court

Mrs. Oke L. Rice, Fifth and Lamine, charged with not having a city license sticker on her car forfeited a \$5 cash bond.

The Kerr Chevrolet Co., Ava, Mo., charged with parking contrary to a parking sign, forfeited a \$2 cash bond.

Queen City Electric Co., 315 South Ohio, charged with blocking an alley, forfeited a \$2 cash bond.

Lawrence Adams, 1305 East Third, charged with not displaying

Good Weather To Continue

KANSAS CITY (AP)—The weatherman, a nice guy over the holiday weekend, is dishing up more of the same for Missouri.

Continued fair weather is promised through today, tonight and tomorrow. Cooler temperatures will also spread from the north over the state tonight.

Tonight's low will range from the upper 40s in the north to the mid 50s in the south. High Wednesday will be 80 in the north to 85 in the south.

Last night's minimum temperatures included Butler 56, Columbia 59, Farmington 54, Grandview 65, Joplin 61, Kansas City 62, Kirksville 51, Malden 59, Rolla 61, St. Joseph 55, St. Louis 62, Sedalia 63, Springfield 59 and West Plains 56.

Hurricane Flora The Innocent Type

MIAMI, Fla. (AP)—Hurricane Flora, a well-behaved lady, was making a sweeping curve today that will keep it in the open Atlantic and away from the American mainland.

"This storm is not a threat to any part of the United States coast," the Miami Weather Bureau reported.

"Flora should get into an upper air current flow; from the south," forecaster Cecil Gentry said. "This should head it further north while it is still well away from the coast."

It was roughly a thousand miles from the nearest mainland point, Nantucket, and about 560 miles southeast of Bermuda.

Packing 100-mile winds, it slipped off its northwestern path last night and began the turn to north. If the curve continues it should pass Bermuda to the east, weathermen said.

Unification
ROANOKE, Va. (AP)—The armed services of the United States have achieved unification here at least. The National Guard, Naval Reserve, the Marine Reserve and the Air Force Reserve units joined in a petition to city council to change the name of Naval Reserve Avenue to Reserve Avenue. All the units have armories on or close to the street.

Back Again
NORFOLK, Va. (AP)—M-Sgt. Margaret Robertson of the Marines spent her 60-day leave and a good part of her savings touring Europe. She returned to the Fleet Marine Force here and found orders to report for duty with Allied forces in Southern Europe.

a city license sticker on his car forfeited a \$2 cash bond.

Russell Delbert Brockway Hawkeye, Ia., charged with running a red traffic light at Broadway and Grand, forfeited a \$5 cash bond.

Ten overtime parkers who failed to appear in police court forfeited cash bonds of \$1 each and 39 others who appeared at police headquarters within a half hour after receiving a parking ticket paid the 25-cent fee.

John Ernest Sanders, Smithton, charged with speeding 45 miles per hour on Third from Montgomery to Summit, forfeited a cash bond of \$15.

Victor Donald Moon, Baraboo, Wis., charged with running a red traffic light at Broadway and Engineer, forfeited a \$5 cash bond.

Daniel E. Petty, Toledo, Ohio, charged with running a red traffic light at Fourth and Ohio, forfeited a \$5 cash bond.

Robert Allen Whiteman, 18, of 1515 South Stewart charged with driving a car in a careless manner, pleaded guilty and was sentenced to 30 days in the city jail.

Samuel Alvin Benware, 40, Broadway Arms Apt., Broadway and Lamine, charged with driving a car while intoxicated, forfeited his \$75 cash bond when he failed to appear in police court.

Accidents

Two cars collided at Broadway and Engineer about 2 o'clock Monday afternoon, doing some damage to both. Occupants escaped injury.

Involved was a 1951 Chevrolet sedan which was driven west on Broadway by Stanley L. Holder, Highland, Kan., and a 1955 Oldsmobile sedan, which was being driven west on Broadway by Robert Chester Novak, Kansas City, Kan.

According to the police there was a heavy line of traffic on Broadway and Holder had stopped for a car in front of him. Novak's car ran into the rear of the Holder car.

The rear bumper on the Chevrolet was damaged and the front end, grill, and hood damaged on the Oldsmobile. Both cars were driven away on their own power.

Two cars were damaged in an accident on Lamine in the 400 block about 9:55 p. m. when a car headed into the curb, jumped the curb and ran into a parked car. No injuries resulted from the accident.

A 1953 Hudson sedan was driven by Robert Vincent Molenda, 2419 West Third, pulled in to park and struck a 1952 Buick sedan, which was parked to the left.

The left front fender, front end, and left rear door on the Hudson were damaged and the front fender, bumper and grill of the Buick were damaged when it was knocked into a parking meter post. The Buick is owned by Jay Edwin Stegell, Warrensburg.

Met to Plan New Hiway 50 Bypass

Jack Faber and Floyd Dillon attended a meeting Thursday night in Olathe, Kan., in the interest of Highway 50.

A stretch of new road is being built from Martin City, Mo., to Olathe, Kan., on highway 150. This will make a good road from Lone Jack, Mo., to Olathe and the Highway 50 Association is interested in making this a bypass highway, eliminating the 17 miles through Kansas City, which will save motorists not wanting to go through the city, about two hours driving. The Highway 50 Association plans to have signs on the highways directing traffic over the short cut which will shorten the route of the highway considerably and avoid the heavy city traffic. Until now this bypass was not used because of the bad piece of road between Martin City and Olathe.

Hard Headed Victim
LAKELAND, Fla. (AP)—A 45 caliber bullet smacked H. D. Van Sicker in the head but didn't do much more than make him angry. Police said apparently the pellet was hurled from a slingshot rather than fired from a pistol. Van Sicker was treated for a minor laceration.

QUITE A "THING"—This fearsome-looking monster is the Marine Corps' latest antitank weapon. The "land-going destroyer" is called "Ontos," a Greek word meaning "The Thing." Developed by the Army, Ontos carries six 106-mm. recoilless rifles, four 50-caliber spotting rifles and one 30-caliber machine gun. Before firing the forward-aiming recoilless rifles, Marine crews draw a bead with the spotting rifles. All six 106-mm. rifles may be fired in salvo. Ontos is called a hit-and-run weapon because after firing, the vehicle runs quickly for cover to reload. Its General Motors 145-h.p. engine speeds it at 40 m.p.h. Ontos will be produced at the Allis-Chalmers' La Porte, Ind., plant.

QUIETING A BIG NOISE—Jackie Friedrichs sizes up the world's loudest siren, being tested in Chicago, Ill. in the world's quietest room. The 10-horsepower siren, which stands 80 inches high, is so powerful that it hurts your ear if you stand too close. So this fibre glass-lined room, almost 100 per cent soundproof, was built to reduce the sound for testing purposes. The siren will be used as an air raid warning.

Firemen's Contests Postponed—No Water

HICKSVILLE, N.Y. (AP)—Most events in the 27th annual Labor Day firemen's tournament had to be postponed yesterday — no water.

A leak in a hydrant, which reduced water pressure to a trickle, was not discovered until the start of the first hose contest.

Fifty fire departments — most of them from Long Island communities — were assembled for the competition.

Hit-Excuse-Run
ST. PETERSBURG, Fla. (AP)—Police are looking for a new kind of hit-driver—she hit, stopped to make excuses, then ran.

Patrolman Al Sevier said Martin Dickinson complained that another car grazed his. The driver stopped only long enough to say: "I haven't any money. I haven't any insurance and I'm a sick woman," Dickinson related.

He Files Case
PIERSON, Mich. (AP)—Blind Alton Petrie, who operates a small hardware store, was mystified when small amounts of cash disappeared daily from a leather pouch where he kept receipts. He devised his own trap. He filed identifying marks on several coins and asked other merchants to watch for them. The trap bagged three boys, who admitted their raids had netted about \$25.

Air Force Sergeant Is Held in Shooting

S/Sgt. Claude Paul, 340th Supply Squadron, Sedalia Air Force Base, was wounded about 11:15 p. m. Saturday night in a shooting at the Saints Club on North Osage.

A/1c Clem B. Washington of the 340th Installation Squadron, SAFB, was arrested by the police in connection with the shooting. Charges of assault with a deadly weapon with intent to kill were filed in the magistrate court of Judge Frank Armstrong.

Sgt. Paul was taken to Bothwell Hospital where he was rendered emergency treatment and later removed to the base hospital at the Sedalia Air Force Base. He was shot in the right elbow.

Washington is confined to the Pettis County Jail.

Pettis County Teachers Hold Plan Meeting

The Pettis County teachers held their annual pre-school plan meeting at 1:30 p.m. Aug. 30 at the courthouse with Dr. C. F. Scotten introducing the program.

Mrs. Gladys Leiter, president of the Pettis County Teachers Association, gave a report on the leadership conference held at Bunker Hill Resort at Mountain View.

Jack Reed, conservation education advisor, stressed the importance of teaching conservation in the schools and presented pamphlets and charts to be used in the schoolroom.

Miss Lillian Des Marais of the Boonlick Regional Library discussed the new books and films that have been added to the library and gave some helpful advice on using the library.

A business meeting followed. Mrs. Gladys Leiter introduced the new teachers in the county; Mrs. Nancy Maxwell, Mrs. Ruth Earhart, Miss Maxine Adams, Mrs. A. M. Harris, Miss Evelyn Pate, Mrs. R. W. Rissler, Mrs. Mary Petering, Miss Kathryn Craig and Miss Lula Parrish.

Officers for the following year were elected during the meeting: President, Mrs. Don McQueen; vice-president, Mrs. Adelaide Finley; and secretary-treasurer, Mrs. Barbara Green.

The teacher study groups were organized and plans for the year were made.

Search for Subs

Terry Cloth Wraparounds Are Popular Bazaar Items

By Dorothy Roe
Associated Press Women's Editor

The men of the family frequently are overlooked in bazaar booths.

If you are making items for a church or club bazaar, why not make a series of gay bath wraparounds for the men? Terry cloth is available in dozens of bright colors and patterns, and the wraparounds are so easy to make that you will be able to whip up several in an afternoon.

Here are directions for making a bath wraparound, with tips from the experts at your local sewing center.

Each wraparound is made from a single rectangle of terry cloth, plus an extra 7-inch square for the pocket. A yard and a half is enough for a slender man; gents with corporations probably will require two yards. For bazaarers, make wraparounds in three sizes.

To calculate yardage, take a pair of your husband's trousers, lay them flat and measure from side to side at the waist. Triple this measurement and add 2½ inches for hem allowances. The triple measurement allows for a wrapover at the front. A slender man with a 30-inch waist would

require 45 inches of cloth plus hem allowance. A man with a 36-inch waist would require 54 inches of cloth plus hem allowance; a man with a 40-inch waist would require 60 inches plus hem allowance.

Try to buy pre-shrunk terry cloth; otherwise you should shrink it before cutting. Cut off selvages, so the fabric will not pucker when washed.

After cutting your wraparound, put in ¾ inch hems all around, turning under the raw edge and setting your sewing machine for a long stitch — 10 to 12 stitches to the inch. Mercerized cotton thread is best.

Stitch a braid loop at the two top corners, or use the button-hole on your sewing machine to make buttonholes. To get your buttons in the right place, fold the cloth in thirds and mark the folds with pins. Remember that men's clothes button from right to left, so the outside button will be just over the right hip, the inside button just over the left hip. Sew on big buttons.

Cut a 7-inch square for the pocket. Turn under raw edges and machine stitch in place on the wraparound. When the garment is worn, the pocket will be on the left front side.

Terry cloth wraparounds can be tossed in the family washing machine, right along with the other household laundry. Frequent sudsing will keep the color bright, and though it may take Dad a while to get used to his wraparound, chances are he'll find it convenient and useful.

Labor Day Picnic At Hubbard Park

Although Labor Day parades have been discontinued, a public desire to celebrate the day was manifested in an unusually large crowd of picnickers that attended the Labor Day festivities at Hubbard Park, Monday afternoon and evening.

Speakers for the day were Harold Barrick, prosecuting attorney of Pettis County who spoke on government and good citizenship, and Joe Ruddick, Pettis County Red Cross chairman who spoke on the increasing needs of that organization.

Following Mr. Ruddick's speech, Oscar Lawson, president of the North Side Citizens Association, sponsors of the picnic, presented to him a check for \$25 on behalf of the Association.

Civil Service Jobs Open to Application

The U. S. Civil Service commission has announced that applications are being accepted for positions of counseling vocational psychologist, \$6,390-\$10,320 annually, with the Veterans Administration; patent advisor in electronics, \$3,670-\$7,570, with the Signal patent agency Ft. Monmouth, N. J.; and electronic engineer in wire communications, telephone plant design and construction, \$5,440-\$6,390, with the Rural Electrification Administration.

Applicants must have pertinent education or experience, or both. Further information is available from W. E. Botts at the Sedalia Post Office, or from the U. S. Civil Service Commission in Washington.

Heat Wave Cracks In Los Angeles

LOS ANGELES (AP)—The 1000-plus heat wave in Los Angeles has cracked, but just barely, and the forecaster predicts continuing hot weather today. A downtown maximum of 98 is expected.

Yesterday the high was 99. It was the first time since last Tuesday that the mercury had not sized up over 1000 in the heart of the metropolis.

The daily maximums in the record-breaking scorcher were: Wednesday 101, Thursday 110 for an all-time high, Friday 108, Saturday 103, Sunday 101.

Gentle sea breezes and some

high cloudiness are credited for the slight crack in the blistering weather.

Elsewhere in southern California yesterday the maximums included: El Centro 114, Needles and Blythe 113, San Bernardino and Burbank 111.

The heat wave death toll mounted in Los Angeles County. The coroner's office said 51 deaths were attributed to the heat since last Wednesday. The number of natural deaths was 277 in that period, nearly 2½ times the total of 113 in the corresponding period last year. The coroner said the heat was an apparent accelerating factor in many of these deaths.

Gino Prato Returns To See His Father

STATALE, Italy (AP)—Gino Prato, the New York cobbler who won \$32,000 on the U.S. television quiz program The \$64,000 Question, was back home today in the little village he left 33 years ago to seek his fortune in America.

He climbed a mule trail on foot yesterday to reach his birthplace in the north Italian mountains. Church bells rang and nearly every resident gathered in the town square to welcome him.

In the center of the crowd stood Giovanni Prato, his 92-year-old father. It was their first reunion since Gino left for the United States.

"It is a great miracle to be able to be here, to see you again," said Gino.

"You have moved the whole world to get here," said his father. Gino won the \$32,000 with his knowledge of opera. Accompanying him to Italy were his wife, their daughter Lorraine, and her new husband Eugene Joannides.

Bad Bargain

DALLAS, Tex. (AP)—Noel Jones, 37, spurned the offer of five years in prison if he pleaded guilty to murder. A jury gave him 75.

Firm's Staff Lends Money To Employer

CINCINNATI (AP)—More than 500 employees of the Hamilton Tailoring Co. are lending \$100,000 to their employer.

Members of the CIO Amalgamated Clothing Workers voted the funds after the company became short of cash after recent acquisitions, a company official said.

The money was turned over to the tailoring concern by Jack Kroll, chairman of the Cincinnati Amalgamated Clothing Workers Board, who is better known nationally as director of the CIO Political Action Committee.

Starting tomorrow, employees will have 10 per cent of their pay checks deducted as their share of the loan. The company will pay approximately \$10,000 a month to the union until the debt is erased. The employees will receive debenture bonds, paying 3½ per cent interest, to cover their payroll deduction loans.

A company official said the union afforded a more attractive proposition than could have been obtained from a bank.

Hamilton Tailoring does a seven-million-dollar yearly business and claims to be the largest made-to-measure clothing organization in the world.

"I'm reluctant to talk about the loan because it may embarrass the company," Kroll said. "We've done this a goodly number of times here in Cincinnati and elsewhere."

Asked why the union would make a loan to management, Kroll answered:

"Our members work in the place. It's their jobs. The union functions to protect people's jobs. We feel we're a part of the industry."

Alvin Heimann, vice president and secretary of the company, thanked the union members for their demonstration of loyalty to the firm.

Baby Son Brought Schmidts Together

HOLLYWOOD (AP)—Mrs. Una Schmidt says she and her husband Airman Daniel Schmidt were reunited because of their son Danny Jr., 2½.

"We decided that the baby needed not only his mother and his father but both of us," she said yesterday during an appearance on Art Linkletter's CBS House Party television show.

"That's right," Schmidt agreed. Schmidt, released after 2½ years as a Chinese Communist prisoner, came home to find Una had married another man, Alford Fine, California logger, in the belief, she said, that Schmidt was dead. But she left Fine and resumed her married life with Schmidt and their son.

The family planned to return to Portland, Ore., today. Schmidt said he hopes to enroll at the University of Montana at Missoula for courses in wild life technology.

Mary, Queen of Scots had so many wigs she had a special coach to carry them when she traveled.

Flames Imperil Two Priceless Redwood Groves

SAN FRANCISCO (AP)—Destructive waves of flames threatened two priceless redwood groves today as raging forest fires blazed out of control in northern and central California.

More than 1,500 fire fighters battled flames whipping through the Sequoia National Forest in the Sierra Nevada east of Fresno. More than 7,000 acres were already blackened. Damage was estimated at more than \$650,000.

The crackling flames reached within a mile of the famed General Grant redwood, the world's largest tree and possibly the oldest living thing on earth. Its age has been calculated at more than 3,000 years.

In the northern section of the state, between 17,000 and 18,000 acres were aflame in Humboldt County.

Fire fighters fought to save Rockefeller Grove, one of the few remaining stands of virgin redwood. A brush and forest fire was finally brought under control in Lake County, about 100 miles north of San Francisco, after more than 200 persons were forced to evacuate their homes in the Whispering Pines resort area.

The Fresno County communities of Hume Lake and Grant Grove were evacuated from the path of the Sequoia National Forest fire.

Skunk Residents 'Uncomfortable'

OKLAHOMA CITY (AP)—"It's quite uncomfortable," Mrs. Florence Phelps Smith reported to police last night. She was talking about the space under her home which has become a haven for a mother skunk and six large-sized youngsters.

Two officers went out to the home to investigate when Mrs. Smith pleaded: "It's getting serious." They found conditions as she described them, but couldn't get to the odor-bearing animals. They'll remain until someone with the proper equipment can reach them under the house.

Rehabilitates Bird

SANTA MONICA, Calif. (AP)—Hortense, a high-flying hummingbird, is recuperating at Frank Hines' house after a close shave.

Her navigational instinct, apparently impaired by the hot weather, Hortense became confused and zoomed into a barbershop. She got a bump on the head and a bent port wing in her awkward, one-point landing.

Hines, a customer in the barber-shop, took the bird home, revived her with eyedroppers of sugared water and an occasional egg and milk chaser. Now he's looking for somebody who can repair the injured wing.

Wisdom Of The Ages

Money may not rule the earth
But if you care to doubt it
And wish to know
If this is so
Just live awhile without it.

It is said that money can't buy happiness... Maybe not, but it certainly can side track a lot of unhappiness... They say that money can't buy love... Maybe not, but we doubt that any wife is happier without it... The Sedalia Savings and Loan Association believes that money is worth exactly what it will buy for you... Those who save know, that money will buy, for them, peace of mind and future security, which, in turn, brings happiness and a more successful future... All this and more with an insured savings account at the

President Calls Meeting to Push Physical Fitness

DENVER (AP)—President Eisenhower today called a conference here to chart ways of solving "a serious problem"—how to build the physical fitness of America's youth.

Vice President Nixon will preside at the meeting Sept. 27-28 at Eisenhower's vacation headquarters at Lowry Air Force Base. The President himself will receive the conferees' recommendations and speak at a dinner concluding the sessions.

The conference will bring together about 80 persons from such fields as sports, education and government. It will follow up a luncheon which Eisenhower gave

in Washington last July 11 to get the ball rolling.

Headliners from all branches of sports attended that White House meeting, and the general conclusion was that American youngsters had shifted to an alarming extent during the last 25 years from active participation in athletics to the role of spectators.

The consensus was that that situation has been a big factor in the increase in juvenile delinquency. It also was blamed in part for failure of many hundreds of thousands of youths to pass physical fitness tests in the World War II draft.

Church Convention Foregoes Beach Lure

HONOLULU (AP)—The work of the Lord triumphed over the languor of the tropics, at the 58th conven-

tion of the Protestant Episcopal Church.

A record of the minutes of the initial session contains this passage:

"Meetings will go until 5:30 in the afternoon except Saturday. "Deputies were a little unhappy about the heavy schedule. Hawai-

an beaches and sunshine were strong influences.

"However, the deputies gave a weak but unanimous consent to the heavy schedule."

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made

astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name *Preparation H*. At your druggist. Money back guaranteed.

Yes...there's an "at home" insurance service in Sedalia

TODAY there is a greater need than ever for a truly "personalized" type of Life insurance service which will fit the Life insurance needs of a man's family or business.

It may be reassuring to the people of Sedalia to learn that insurance planning the Metropolitan way is a service which is available right here in town.

For many, many years, representatives of the Metropolitan have been servicing policyholders, in their homes or places of business, through a series of home town offices in the United States and Canada.

Here, as in other cities, the local District Office enables the Metropolitan Agent to live close to those he serves, to render his Company's famous "at home" service promptly and efficiently. Each of these District Offices employs local people, trained insurance specialists who back the Agent in every phase of his work.

From this well-equipped base of operations, your local Metropolitan man is continually proving that...

Metropolitan service is as local as Main Street... as close as your phone

William R. Jackson

Mr. Jackson, who is the new Manager of Metropolitan's District Office in Sedalia, has been with the Company since 1938. During his years with the Company, he has had broad experience as an Agent, Assistant Manager, and Instructor in the Field Training Division, which is responsible for the instruction of all Metropolitan Field personnel.

In taking over his duties in Sedalia, Mr. Jackson is exceptionally well qualified to maintain the high standard of service established by his predecessor. He and his associates are dedicated to the purpose of continuing and expanding the service which has led so many people in Sedalia and the surrounding area to entrust their protection to Metropolitan.
